PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER
CORROSIVE: Causes irreversible eye damage and skin burns. Do not get in eyes, on skin, or on
clothing. Harmful if swallowed, absorbed through the skin or inhaled. Do not breathe spray mist.
Mixers, applicators, and all other users should wash hands with soap and water before eating, drinking, chewing
gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse. If pesticide
gets inside clothing remove clothing immediately, was thoroughly, and put on clean clothing. This product
may cause skin sensitization reactions in some people.

Mixers, loaders, and other handlers must wear long-sleeved shirt and long pants; shoes plus socks;
chemical resistant gloves such as butyl laminate, butyl rubber, nitrile rubber, neoprene rubber, or
polyvinyl chloride; protective eyewear such as goggles or face shield; and a chemical resistant apron.
Users should remove personal protective equipment (PPE) immediately after handling this product. Wash
outside of gloves before removing. As soon as possible wash thoroughly and change into clean clothing.
Follow manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions exist for washables,
use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing or other
absorbent materials that have been drenched or heavily contaminated with this product’s concentrate.
Do not re-use them.

FIRST AID
IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact
lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a Poison Control Center or doctor
for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of
water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice.

IF SWALLOWED: Call a Poison Control Center or doctor immediately for treatment advice. Have person
take a large amount of water if able to swallow. Do not induce vomiting unless told to do so by the Poison
Control Center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give
artificial respiration, preferably mouth-to-mouth, if possible. Call a Poison Control Center or doctor for
further treatment advice.

Have the product container or label with you when calling a Poison Control Center or doctor, or going for
treatment.

Note to Physicians: Probable mucosal damage may contraindicate the use of gastric lavage.

ENVIRONMENTAL HAZARDS
This pesticide is toxic to terrestrial and aquatic plants, fish, and aquatic invertebrates. Do not discharge
effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in
accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit
and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent
containing this product into sewer systems without previously notifying the local sewage treatment plant
authority. For guidance contact your State Water Board or Regional Office of the EPA.

KEEP OUT OF REACH OF CHILDREN

DANGERS FOR USE
It is a violation of Federal Law to use this product in a manner inconsistent with its
labeling. Do not apply this product in a way that will contact workers or other persons.

Nuosept W Concentrate is a liquid in-can preservative and may be added at any point in the
production process. For best results acid it as early as possible in the manufacturing process.
Avoid high temperature/high alkaline conditions.

Typical usage rates are 0.025 - 0.19% by wt. (35 - 266 ppm bronopol and 5 - 36 ppm
isothiazolones) for adhesives and tackifiers (such as animal glues, rubber latices, acrylic
latices), paints and coatings (such as architectural paints, water coatings such as for paper
or wood, emulsions), building materials (such as cements, joint cements, grouts, mastics, sealants,
spackling, ready-to-mix cement, tape joint compounds, wallboard (drywall and gypsum board);
latices for adhesives and natural polymer latices, starches and casein derived polymers;
protein derived polymers), fountain solutions for lithographic printing operations, photo
processing, inks/ink components, metal working and metal cleaning fluids, industrial water such
as process water, wash water and waste water; industrial cooling water and air washer systems,
consumer household and institutional products (such as dishwashing detergents, laundry
detergents, laundry pre-spotter, fabric softeners, laundry spray starch, surface cleaners, all-
purpose liquid cleaners, anti-tarnish products, furniture and floor polishes, carpet shampoos
and carpet pre-spotter, automotive cleaners, waxes, and polishes) as well as for package utility
products such as pre-moistened sponges and mops; and other aqueous compositions such as
emulsions and dispersions, pesticide formulations; pigment dispersions and slurries.

STORAGE AND DISPOSAL
Do not contaminate water, food, or feed by storage or disposal. Nonrefillable container.
Do not re-use or refill this container.

PESTICIDE STORAGE- Do not contaminate water, food, or feed by storage, disposal, or cleaning of
equipment. Do not allow to freeze.

PESTICIDE DISPOSAL- Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide,
spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according
to label instructions, contact your local State Pesticide or Environmental Control Agency, or the Hazardous Waste
representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL- Triple rinse as follows: Empties the remaining contents into application equipment or
a mix tank. Fill the container ¼ full with water. Replace and tighten closures. Tip container on its side and roll it
back and forth, ensuring at least one complete revolution, for 30 seconds. Stand container on its end and tip it back
and forth several times. Turn the container over onto its other end and tip it back and forth several times.
Empty rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two
more times. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or
incineration or, if allowed by state and local authorities, by burning. If burned stay out of smoke.
