DIRECTIONS FOR USE (Continued from other panel)

Use the baits above the high water mark in a manner consistent with your local regulations to prevent movement of the active ingredient into water. Do not store BLOX in or near water. Maintain an uninterrupted supply of fresh bait for at least 15 days or until signs of activity cease.

Note:

1. Place 1 block per placement. Space placements at 1 to 1½ feet intervals in infested areas. Two blocks may be needed in areas of very high mouse activity. Maintain an uninterrupted supply of fresh bait for at least 15 days or until signs of mouse activity cease.

2. Replace containers or discarded, unopened, or unenclosed baits as specified on this label.

4. Do not sell this product in individual containers holding less than 16 pounds of bait.

5. Do not place near or inside ventilation duct openings. Do not contaminate water, food, feedstuffs, food or objects used for human consumption.

Burrowing Baiting with Formus All-Weather Blox is prohibited.
