DIRECTIONS FOR USE:
It is a violation of federal law to use this product in a manner inconsistent with its labeling.

HOW TO APPLY:
For Spas: Always add this product with pump and filter operating to ensure complete mixing and good circulation. This product is completely soluble and dissolves quickly, so no premixing is required. Broadcast this uniformly over the surface of the spa water. Apply when spa is not in use.
For most spas with normal bathing loads, this product should be added after every use and once each week for maintenance, at a dose of 1 tbs. per 300 gallons of spa water. Each 1 ounce dose of this product will raise the free chlorine concentration by about 2 ppm in 300 gallons of spa water. More frequent and/or heavier doses may be required during periods of extremely heavy use. Test chlorine level prior to re-entry to make sure the residual concentration in the spa is between 3 and 5 ppm. Remedy is prohibited above levels of 10 ppm chlorine due to risk of bodily injury.
Note: When used in conjunction with bromine sanitizers, this product will regenerate active bromine by oxidizing inert bromine salt to active bromine sanitizer. Both chlorine and bromine will be present for a short period of time. Test bromine level prior to re-entry to make sure the residual concentration in the spa is between 3 and 5 ppm.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER: Corrosive. Causes irreversible eye damage or skin burns. Harmful if swallowed, or absorbed through skin.
• Open in a well-ventilated area. Do not breathe dust or fumes.
• Do not get in eyes, on skin or on clothing. Wear goggles and rubber gloves. For additional protection of skin, wear long sleeves and long pants.
• Wash thoroughly with soap and water after handling and before eating, drinking, using tobacco or going to the toilet.
• Remove contaminated clothing and wash clothing before reuse.

FIRST AID
IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present and after 5 minutes, then continue rinsing eye. Call a Poison Control Center or doctor for further treatment advice.
IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for further treatment advice.
IF SWALLOWED: Call Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.
IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a Poison Control Center or doctor for further treatment advice.
NOT TO PHYSICIAN: Probable mucosal damage may contaminate the use of gastric lavage.
Have product container or label with you when calling a Poison Control Center or doctor, or going for treatment.

PHYSICAL AND CHEMICAL HAZARDS:
DANGER. If product is exposed to small amounts of water, it can react violently to produce heat and toxic gas and splatter. Do not add water to this product. Add only into water.
• Do not allow to become wet or damp before use. Can react with other materials, including other water treatment products, to cause fire, explosion, and the release of toxic gases.
• Keep all foreign matter, including other water treatment products, away from this product.
• Use only clear plastic utensils to dispense this product.
• Do not allow this product to contact other water treatment products. If used with a skimmer, make sure skimmer is completely clean and free of residue from other water treatment products before putting this product in a skimmer.
• Avoid spilling this product.
Exposure to heat can cause this product to rapidly decompose, leading to fire, explosion, and the release of toxic gases.
• Store in a cool, dry, well-ventilated area away from heat or open flame.
• Strong oxidizing agent. This product can increase fire intensity.
• Keep away from heat and from flame and burning material (like a lighted cigarette).

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms.

STORAGE & DISPOSAL:
Keep this product dry in its tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame. Nonrefillable container. Do not re-use or refill this container. Rinse empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling if available. Do not contaminate food or feed by storage or disposal or cleaning of equipment.
