DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read entire label and use strictly in accordance with precautionary statements and use directions.

WHY YOU SHOULD USE THIS PRODUCT: POOLIFE® Exclusive Pool Care Collection Algaeban II is a long-lasting algicide. With one treatment, this product will prevent algae growth in your swimming pool for three months. Your pool water will sparkle as never before.

IMPORTANT NOTICE: Always apply chemicals separately. Never combine them.

APPLICATION: This product comes concentrated. Carefully pour required amount of this product into the pool while maintaining continuous pool circulation. It is best to distribute the required amount by pouring slowly around the edge of the pool. Avoid concentrating the application in only one spot. Apply under sunny conditions for fastest effective results.

GENERAL DIRECTIONS:
1. Maintain pool water in the pH range 7.2 to 7.6. Adjust pH to 7.2 for severe algae.
2. Ensure that filtration system is working properly and that filtration cycle is adequate.
3. A regular brushing program will assist in the removal of stubborn algae.
4. Calculate the volume of this product required for your pool.
5. Add this product directly to the pool, distributing over as wide an area as possible.
6. While this product controls algae it is important that adequate levels of sanitizer (chlorine) be maintained to control bacterial growth.
7. Take a sample of pool water to your authorized POOLIFE dealer regularly for a detailed water analysis.

INITIAL POOL START-UP: Use a sequestering agent to prevent scale and stain formation.

DOSSAGE RATES:
PREVENTIVE: Add 16 fl. oz. of this product per 10,000 gallons of pool water every three months to prevent algae growth in all pool types.

VISIBLE ALGAE GROWTH: Use 16 ounces of this product per 10,000 gallons of pool water.

SEVERE ALGAE TREATMENT: Add 32 ounces of this product per 10,000 gallons pool water. Once control is obtained, resume regular preventive maintenance with this product.

BLACK ALGAE: Use a black algicide product as directed on the product’s label. Once control is obtained, resume regular preventive maintenance with this product.

WINTER DOSE: Add 16 ounces of this product per 10,000 gallons pool water.

FIRST AID:
IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or a doctor. Do not give anything by mouth to an unconscious person.

IF IN EYES: Hold eyelids open and rinse slowly with water for 15 to 20 minutes. Remove contact lenses if present after 5 minutes then continue rinsing eye. Call poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration. Preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

In case of Emergency Call: 1-800-654-4011

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS:
CAUTION: Harmful if swallowed. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

ENVIRONMENTAL HAZARDS: This product is toxic to fish and aquatic organisms.

STORAGE AND DISPOSAL:
Keep this product dry in its tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame. Nonreturnable container. Do not reuse or refill this container. Rinse empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling if available. Do not contaminate food or feed by storage or disposal or cleaning of equipment.
