**Benefect® Botanical Disinfectant**

Part of our Botanical Cleaning & Disinfection Solution

*The patented technology is proven to kill over 99.99% of bacteria (specifically, MRSA, Salmonella enterica, Staphylococcus aureus, Pseudomonas aeruginosa & Mycobacterium tuberculosiis (TB), & fungi specifically Trichophyton mentagrophytes & HIV-1 (the AIDS virus) on hard, non-porous, inanimate surfaces.*

- Made from plant extracts with pleasant aromatherapeutic vapors.
- No synthetic fragrances, dyes, or bleaches.

Suitable for use in restoration, decontamination & remediation sites (fire, water, sewage, trauma scenes) including residences, schools, offices, hotels, health care & food preparation facilities, hospitals, nursing homes, medical, veterinary & dental offices, health professional, chiropractic, & physiotherapy clinics, child care centers, nurseries, daycares, restaurants, kitchens, cafes, fitness centers, food storage areas, fitness gyms, spas, zoos, barns & kennels.

Proven to kill over 99.99% of the EPA's designated test microorganisms for broad-spectrum claims of hospital disinfectant effectiveness.

Suitable for disinfecting hard, non-porous surfaces (mineral wood, laminate surfaces, marble, and similar stones or stone-like composites, painted or sealed surfaces, glazed tiles, metals, glass, fiberglass, plastic, vinyl, and similar polymers), such as walls & floors, remediation equipment, PPE (Personal Protective Equipment), cells & drain pans of HVAC & R equipment, air conditioning & refrigeration equipment & heat pumps, sashes & sliding glass doors, countertops, sinks, food preparation surfaces, toilet bowls, pet habitats, garbage cans, children's toys, high chairs, changing tables, boats, airplane & train surfaces & curtains, prosthetics & orthotics, food prep surfaces, sports equipment such as jock caps & helmets and any other non-porous surface where bacteria or unincorprated virus are a concern.

Effectively eliminates odors produced by odor-causing bacteria, fungi & other odor-causing organisms on concrete, wood framing & studs, trim, carpets, pads & surfacing.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To clean:

1. Shake, apply product & wipe away.

To disinfect & deodorize:

1. Shake well and wet the surface with the product by sprayer, mop, broom, cloth or sponge (but for surface compatibility on nonporous area first).

2. Leave for 10 minutes at room temperature; allow to air-dry, no rinsing or wiping is required (even on food contact surfaces).

This product is not to be used as a dialosaur-strength level disinfectant on any surface or instrument that (1) is in a critical direct skin contact with the bloodstream or normally sterile areas of the body, or (2) comes into direct contact with body fluids in which there is no barrier between the skin and the body fluids. This product is intended for pre-decontamination or decontamination of non-critical medical devices prior to sterilization at high-level disinfectant.

**KILLS HIV ON PRE-CLEARED ENVIRONMENTAL SURFACES:**

- **OBJECTS:** Surfaces on which there is an expired titer of HIV-1 or HIV-2 from individuals with HIV-1 or HIV-2 in the surface or where the surface could be contaminated with blood or body fluids can be disinfected using this product. This product may be used to pre-clean or decontaminate critical or semi-critical medical devices prior to sterilization or high-level disinfection.

**KILLS HBV ON PRE-CLEARED ENVIRONMENTAL SURFACES:**

- **OBJECTS:** Surfaces on which there is an expired titer of HBV from donors with HBV in the surface or where the surface could be contaminated with blood or body fluids can be disinfected using this product. This product may be used to pre-clean or decontaminate critical or semi-critical medical devices prior to sterilization or high-level disinfection.

**KILLS HBV ON PRE-CLEARED ENVIRONMENTAL SURFACES:**

This product may be used to pre-clean or decontaminate critical or semi-critical medical devices prior to sterilization or high-level disinfection.

**ANTI-MICROBIAL • HOSPITAL DISINFECTANT • DEODORIZER • DECONTAMINANT:**

- **Virucidal**: Bactericidal, Fungicidal, Tuberculocidal in 5 minutes.

**ACTIVE INGREDIENTS:**

- Thymol, pure thymol, or Thyme Oil.
- Lemon & Spices.

**OTHER INGREDIENTS:**

- Water.
- Alcohol.

- Total: 100.00%

Keep Out of the Reach of Children

**Net Contents:** 1 Gallon (3.78 L)

**STORAGE/DISPOSAL:**

- Non-hazardous container. Store upright at room temperature. Do not reuse or refill this empty container. Offer empty container for recycling if recycling is not available. Discard in trash.

- **Distributors:**
  - 94585-1 & 744771

- **EPA Reg. No. 94585-1 & 744771

- **EPA Cert. No. 00917-011125

- **USL: 11125 REV: 112305

- **© Benefect, Inc. 2021**

- **Contact Time:** Leave surface wet for 10 minutes.
