SPECTRA MAX TANK MIX™
Water Conditioning and
Drift Control Agent

Principal Functioning Agents
Ammonium sulfate, glycerol, phosphoric acid......................35.0%
Constituents ineffective as spray adjuvants......................65.0%
Total..................................................100.0%

All ingredients are exempt from the requirements of a tolerance under 40 CFR 190.
CA Reg. No. 45989-50017-AA

KEEP OUT OF REACH OF CHILDREN
CAUTION

Precautionary Statement
CAUTION-Hazards to Humans and Domestic Animals. Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with skin, eyes or clothing. Avoid breathing spray mist. Do not get in eyes. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or smoking tobacco. Remove and wash contaminated clothing before reuse.

Personal Protective Equipment: Wear chemical-resistant gloves, long-sleeved shirt and long pants, shoes plus socks when mixing or applying Spectra Max Tank Mix.

NOTE: No product will provide 100% control of harmful spray drift. The efficacy of Spectra Max Tank Mix and the effects of the spray application may be affected by various environmental factors and the condition and operation of the spray equipment. Periodic calibration of spray equipment and visual inspection of the spray application may necessitate an adjustment of the drift rate. When used according to the Directions of Use, Spectra Max Tank Mix is compatible with most pesticides and fertilizers. Spectra Max Tank Mix technology has been tested on several transgenic crop varieties with no negative effects, and can be considered safe for use on transgenic crops.

First Aid
Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment.
If Swallowed: Call a poison control center or doctor immediately for treatment advice. Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.
If in Eyes: Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice.

General Information
Spectra Max Tank Mix contains water conditioning properties and a homogenized deposition agent designed to improve the precision of spray applications and reduce off-target drift. It is suitable for use on both conventional and transgenic crop varieties. When used at labeled rates Spectra Max Tank Mix will automatically optimize the angle of the spray pattern, as the spray exits the nozzle, to give maximum coverage of target surfaces while minimizing "pattern fringe" which contains the most driftable particles.
Spectra Max Tank Mix is intended for use as a tank-mix adjuvant where a deposition or drift control agent is required or recommended. Spectra Max Tank Mix technology has been proven to increase glyco phosphate activity. This product also contains emulsifiers which may improve absorption of herbicides into leaf surfaces. Spectra Max Tank Mix also contains buffers and sequestering agents to adjust pH to a neutral range.
Spectra Max Tank Mix may be used when the pesticide label recommends the use of a deposition aid or drift control agent. It is not intended as substitute for surfactants or crop oil concentrates.

Use Directions
Spectra Max Tank Mix is intended for use with products registered for agricultural, horticultural, turf, ornamental, industrial, and non-crop use. Spectra Max Tank Mix should be added to the diluted spray solution prior to the addition of any pesticides.

Ground and Air Rates:
Normal Use: 2 to 3 quarts per 100 gallons of water
Hard Water: 3 quarts per 100 gallons of water

Spectra Max Tank Mix contains the equivalent of 2 pounds ammonium sulfate per gallon.

Storage and Disposal
Do not contaminate water, food or feed by storage or disposal.
Storage: Keep this container tightly closed. Store in original container. Do not allow water or other chemicals to be introduced into contents of container. Do not contaminate water sources with equipment washwater, spray disposal wastes or by cleaning of equipment. Do not store near feed or food products. Do not use or store near open flames.
Disposal: Triple rinse (or equivalent) during cleaning and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates a national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrcycle.org. Decontaminated containers may also be disposed of in a sanitary landfill.

NOT FOR AQUATIC USE

Notice-Read Carefully
Limited Warranty and Conditions of Sale
In no event shall KALO, Inc., manufacturer or seller be liable for special, incidental or consequential damages, or for damages in their nature or purpose relating to the goods sold. KALO, Inc., manufacturer or seller shall not be liable to buyer or any other person for loss, product liability, or any other damage, including but not limited to loss of income, lack of pecuniary profits, or any other damage, whether direct, indirect or consequential, or for breach of any warranty, express or implied, or for loss of use, loss of profit, or any other damage, whether direct, indirect or consequential, or for breach of any warranty, express or implied, or for loss of use, loss of profit, or any other damage, whether direct, indirect or consequential, or for breach of any warranty, express or implied, or for loss of use, loss of profit, or any other damage, whether direct, indirect or consequential, or for breach of any warranty, express or implied, or for loss of use, loss of profit, or any other damage, whether direct, indirect or consequential.

Warranty Disclaimer
The goods sold to you by this agreement are furnished as is by KALO, Inc., manufacturer or seller, and are subject only to the manufacturer’s warranties if any, which appear on the labels of the products, KALO, Inc., manufacturer or seller, make no other warranties, guarantees or representations of any kind to buyer or user, either expressed or implied or by course of trade, custom or practice of the industry, or by any other means. This warranty disclaimer is hereby made and any and all warranties, guarantees or representations of any kind to buyer or user, either expressed or implied or by course of trade, custom or practice of the industry, or by any other means.

The laws of the state from which such goods are to be shipped shall govern the validity, interpretations and performance of this agreement with respect to goods delivered. This writing contains all of the representations and agreements between buyer, KALO, Inc., manufacturer or seller, and no person or agent of KALO, Inc., manufacturer or seller has any authority to make any representation or warranty or agreement relating in any way to this goods.
