# KenClean Plus

**Athletic Surface Disinfectant Cleaner**

*Virucide* • *Fungicide* • *Mildewstat*

## Active Ingredients:
- Didecyl Dimethyl Ammonium Chloride: 2.535%
- n-Alkyl (C14 50%, C12 40%, C16 10%)
- Dimethyl Benzyl Ammonium Chloride: 1.690%

## Inert Ingredients: 95.775%

**Total:** 100.000%

**EPA Reg. No. 10324-154-67297**  **EPA Est. No. 1459-PA-01**

## Keep Out of Reach of Children

**DANGER**  **PELIGRO**

See side panel for additional precautionary statements.

**Net Contents:** 1 U.S. Gallon
This product is a concentrated Hospital Use disinfectant that is effective against a broad spectrum of bacteria, viruses, and fungi. It eliminates odor causing bacteria when used as directed. This product is a no-irritant neutral pH disinfectant cleaner that disinfects, cleans and deodorizes in one application. It can be used for use in bathrooms, kitchens, and other hard, non-porous surfaces. Use product to clean and disinfect hard, non-porous surfaces of personal protective equipment, protective headgear, athletic helmets, wrestling/boxing headgear, athletic shoe soles, gogges, spectacles, face shields, and hearing protectors. Rinse all equipment that comes in prolonged contact with skin before reuse with clean warm water (above 120°F), and allow to dry. 

Precaution: Cleaning at 123°F temperature will avoid overheating and distortion of the personal safety equipment that would necessitate replacement.

Peligro: Si no puede leer en inglés, póngase en contacto con su supervisor sobre las instrucciones de uso apropiadas antes de trabajar con este producto.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

PREPARATION OF DISINFECTION/FUNGICIDAL/VIRUCIDAL USE SOLUTION: Apply 2 ounces per gallon of water (1:64) to hard, inanimate, non-porous surfaces thoroughly wetting surfaces with a cloth, mop, sponge or sprayer. For heavily soiled areas, a preliminary cleaning is required. For sprayer applications, use a coarse spray device. Spray 6-8 inches from the surface. Rub with brush, sponge or cloth. Do not allow water to run down treat surfaces. Wash treated surfaces with soap and water after use.

Note: With spray applications cover or remove all food products. For heavily soiled areas, a preliminary cleaning is required.

DISINFECTION AND PREVENTION OF NON-MEDICAL FACILITIES: At 2 fluid ounces per gallon of water (1:64) and an 8-10 minute contact time, this product is effective against the following organisms on hard, non-porous inanimate surfaces: Acinetobacter baumannii, Acinetobacter IwoI, Bordetella bronchiseptica, Clostridium perfringens, Clostridium tetani, Escherichia coli, Enterobacter aerogenes, Enterobacter cloacae, Enterococcus faecalis, Enterococcus hirae, Fusobacterium necrophorum, Klebsiella oxytoca, Klebsiella pneumoniae, Listeria monocytogenes, Micrococcus luteus, Pseudomonas aeruginosa, Salmonella enterica serotype paratyphi, Salmonella typhi, Salmonella typhimurium, Serratia marcescens, Shigella flexneri, Shigella sonnei, Staphylococcus aureus, Staphylococcus epidermidis, Staphylococcus haemolyticus, Staphylococcus pneumoniae, Penicillin Resistant Staphylococcus aureus (MRSA), Methicillin Resistant Staphylococcus aureus (MSSA), Staphylococcus epidermidis, Antibiotic resistant Staphylococcus epidermidis, Streptococcus agalactiae, Streptococcus lactis, Streptococcus pyogenes, Streptococcus mutans, Yersinia enterocolitica, Vibrio cholerae, and Yersinia enterocolitica. VIRUCIDAL PERFORMANCE: At 2 ounces per gallon use level, this product was evaluated in the presence of 400 ppm hard water with a 10-15 minute contact time and found to be effective against the following: Adenovirus: Human rhinovirus 1-5, influenza A (H1N1) virus, influenza B virus, hepatitis A virus, hepatitis B virus, hepatitis C virus, herpes simplex virus type 1, herpes simplex virus type 2, human coronavirus, human immunodeficiency virus type 1 (HIV), influenza virus, respiratory syncytial virus. FUNGICIDAL PERFORMANCE: When used as directed a 1:64 dilution and a 15-20 minute contact time, this product is highly effective against the following: Aspergillus niger, Candida albicans, Trichophyton mentagrophytes. FOR DISINFECTION AND TO CONTROL THE GROWTH OF MOLD AND MILDEW ON NON-POUROUS EQUIPMENT: For use on non-porous, non-porous surfaces, such as plastic, metal, glass, vinyl, ceramics, marble, mirrors, and painted woodwork. This product is used to clean and disinfect hard, non-porous surfaces of personal protective equipment, protective headgear, athletic helmets, wrestling/boxing headgear, athletic shoe soles, gogges, spectacles, face shields, and hearing protectors. Rinse all equipment that comes in prolonged contact with skin before reuse with clean warm water (above 120°F), and allow to dry. 

Precaution: Cleaning at 123°F temperature will avoid overheating and distortion of the personal safety equipment that would necessitate replacement.

PERGIRIO: SI NO PUEDE LEER EN INGLÉS, PREGUNTE A SU SUPERVISOR SOBRE LAS INSTRUCCIONES DE USO APROPIADAS ANTES DE TRABAJAR CON ESTE PRODUCTO.

PRECAUTIONARY STATEMENTS

HARMFUL EXPOSURE: KEEP OUT OF REACH OF CHILDREN. Corrosive. Causes irreversible eye damage and skin burns. Harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing spray mist. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield, rubber gloves and protective clothing when handling. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Remove contaminated clothing and wash clothing before reuse.

PHYSICAL OR CHEMICAL HAZARDS

Do not mix with oxidizers, anionic soaps and detergents. Do not use or store near heat or open flame. 

First Aid

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF IN EYES: Hold open eye and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes. If irritation persists, call a physician or poison control center. IF INHALED: Remove to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a physician or poison control center or doctor for further treatment advice. NOTE TO PHYSICIAN: Possible mucosal damage may contraindicate the use of gastric lavage.

STORAGE AND DISPOSAL

Store in original container in areas inaccessible to children. Do not store on side. Avoid creasing or impacting of side walls. Do not reuse empty container. Wrap and discard in trash (for recycle).
