Birex Disinfectant Wipes are intended for use in hospitals, medical, dental and veterinary offices, laboratories, institutional clean rooms, nursery homes, aquaculture ponds, bakeries, hotels, schools, food service, food handling, medical, dental and veterinary offices, laboratories, institutional clean rooms, nursery homes, aquaculture ponds, bakeries, hotels, schools, food service, and other similar environments.

Disinfectant Wipes should be pulled from the dispenser without removing the cover cap from the container. Place the cap on the container and rotate one of the sides through opening in lid, flush out lid. Pull out and slightly to the side. The next wipe will pop out automatically. Always snap lid securely to container cap to prevent moisture loss.

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. WHO ENTERTAINS NO RESPONSIBILITY FOR USE OF THIS PRODUCT, OTHER THAN AS A DISINFECTANT.

Evaluating and Disposing Disinfectant: Birex and Birex Disinfectant Wipes should be used as a second disinfectant for use in rinsing or cleaning surfaces, including but not limited to: stainless steel, plastic, glass, porcelain, and other non-porous surfaces. When using in areas with high-surface contact, such as in the case of containers and gloves, the container may be used as a disinfectant where necessary.

CAUTION: NOT A BABY WIPES

SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV 1 ON UNTREATED SURFACES SOILED WITH BLOOD/BOODY FLUIDS

Birex Disinfectant Wipes kill HIV on pre-erupted human blood/serum/biological fluids as well as HIV-1 on inanimate objects which may be contaminated with blood or body fluids. Blood and body fluids should be neutralized and disposed of according to local regulations for infectious waste disposal.

CONTACT TIMES: Use a 10 minute contact time for disinfection against hepatitis viruses, bacterial, and fungal pathogens.

PRECAUTIONARY STATEMENT:

Harms to animals and domestic animals: CAUTION: Harmful to fish. Wash thoroughly with soap and water before eating, drinking, or touching aquatic creatures. Avoid breathing dusts.
