AFFIRM™ WDG

For disease control on Turf, Ornamentals, Christmas Trees, and various crops including: cucurbit vegetables, fruit vegetables, pome fruits, strawberries, non-bearing fruit vines, and non-bearing fruit and nut trees.

**ACTIVE INGREDIENT:**
Polyoxin D zinc salt .......................................................... 11.3%

**OTHER INGREDIENTS** .................................................. 88.7%

**TOTAL** ................................................................. 100.0%

**KEEP OUT OF REACH OF CHILDREN**

**CAUTION**

SEE BOOKLET FOR ADDITIONAL PRECAUTIONARY STATEMENTS

**FIRST AID**

• **IF ON SKIN OR CLOTHING:**
  - Take off contaminated clothing.
  - Rinse skin immediately with plenty of water for 15-20 minutes.
  - Call a poison control center or doctor for treatment advice.

• **IF IN EYES:**
  - Hold eye open and rinse slowly and gently with water for 15-20 minutes.
  - Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
  - Call a poison control center or doctor for treatment advice.

• **IF SWALLOWED:**
  - Call poison control center or doctor immediately for treatment advice.
  - Have person sip a glass of water if able to swallow.
  - Do not induce vomiting unless told so by the poison control center or doctor.
  - Do not give anything by mouth to an unconscious person.

• **IF INHALED:**
  - Move person to fresh air.
  - If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.
  - Call a poison control center or doctor for further treatment advice.

**HOTLINE NUMBERS**

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

**FOR 24-HOUR EMERGENCY MEDICAL ASSISTANCE:**

Call CHEMTREC at 1-800-424-9300 or the Poison Control Center - 1-800-222-1222

For Product Use Information Call: 1-800-524-1662

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION. Harmful if absorbed through skin, swallowed or inhaled. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Avoid breathing dust or spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

All mixers, loaders, applicators and other handlers must wear:
• Long-sleeved shirt and long pants
• Socks
• Shoes
• Chemical-Resistant gloves

USER SAFETY REQUIREMENTS

Follow the manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions for washables are available, use detergent and hot water. Keep and wash PPE separately from other laundry.

USER SAFETY RECOMMENDATIONS

• Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
• Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS

This pesticide is moderately toxic to aquatic invertebrates and fish. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters or rinseate. Do not allow runoff into lakes, streams, ponds or public waterways. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas.

Granules exposed on soil surface may be hazardous to fish and aquatic invertebrates. Collect granules spilled during loading.

Observe the most restrictive of labeling limitations and precautions of all products used in mixtures.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For any requirements specific to your State or Tribe, consult the State or Tribal agency responsible for pesticide regulation.

AGRICULTURAL USE REQUIREMENTS

Use this product only in accordance with its labeling and the Worker Protection Standard, 40 CFR part 170. This Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions on this label about personal protective equipment (PPE), notification to workers, and restricted-entry interval. The requirements in this box only apply to uses of this product that are covered by the Worker Protection

SECTION 15: REGULATORY INFORMATION

U.S Federal Regulations

FIFRA (Federal Insecticide, Fungicide, and Rodenticide Act): All pesticides are governed under FIFRA. Therefore, the regulations presented below are pertinent only when handled outside of the normal use and applications of pesticides. This includes waste streams resulting from manufacturing/formulation facilities, spills or misuse of products, and storage of large quantities of products containing hazardous or extremely hazardous substances.

CERCLA (Comprehensive Response Compensation, and Liability Act): NA

EPCRA (Emergence Planning and Community Right-to-Know Act: None

OSHA (Occupational Safety and Health Administration): NA

RCRA (Resource Conservation and Recovery Act): None

SARA Title III (SUPERFUND Amendments and Reauthorization Act):

Section 302 (EHS) TPQ: NONE

Section 304 (EHS) RQ: NONE

Section 311/312 CATEGORIES

1. Immediate (Acute) Health Effects; YES

2. Delayed (Chronic) Health Effect; NO

3. Fire Hazard; NO

4. Sudden Release of Pressure Hazard; NDA

5. Reactivity Hazard; NDA

TSCA (Toxic Substance Control Act): This product is exempt from TSCA Regulation under FIFRA Section 3 (2)(B)(ii) when used as a pesticide.

State Regulations: Each state may promulgate standards more stringent than the federal government. This section cannot encompass an inclusive list of all state regulations. Therefore, the user should consult state or local authorities.

International Regulations:

EEC Classification: NA

Risk Phrases: NA

Safety Phrases: NA

MSDS Number: 4195-001 Issue Date: 01/18/10

NDA = No Data Available NA = Not Applicable
**AFFIRM™ WDG**  

**Oral Toxicity:**  
LD50 (male rat/mice) = 4,916 mg/kg  
LD50 (female rat) = 4,404 mg/kg  
LD50 (female mice) = 3,946 mg/kg  

**Inhalation Toxicity:**  
LC50 (6 hrs) (male rats) = 2.44 mg/L air  
LC50 (6 hrs) (female rats) = 2.17 mg/L air  

**Subchronic Toxicity:** No treatment related effects were observed following chronic exposure in lab animals. Calculated Oral NOAEL female rat = 1.333 mg/kg/day, male rat = 119 mg/kg/day (TGAI)  
**Chronic/Carcinogenicity (maximum inactive dose):** No evidence of carcinogenicity or other treatment related effects following chronic exposure in lab animals. Calculated Oral NOAEL female mice = 2,059 mg/kg/day, male mice = 2,470 mg/kg/day (TGAI)  
**Teratology/Developmental Toxicity:** None observed (rabbits, mice)  
**Mutagenicity:** Non-Mutagenic

---

**SECTION 12: ECOLOGICAL INFORMATION**

**Environmental Fate and Distribution:** Product decomposes  
**Aquatic Organism Toxicity (based on technical material):** Rainbow trout LC50 (96-hrs) = 5.1 ppm  
Daphnia EC50 = 1.4 ppm  
**Avian Toxicity (based on technical material):** Mallard duck-oral LD50 >2150 ppm  
Mallard duck-dietary LC50 >5000 ppm

---

**SECTION 13: DISPOSAL CONSIDERATIONS**

**Waste Disposal Method:** End users must dispose of any unused product as per the label recommendations and in accordance with all applicable laws and regulations. Check governmental regulations and local authorities for approved disposal of this material. Preferred method of disposal is by incineration.

**SECTION 14: TRANSPORT INFORMATION**

- **D.O.T. Shipping Name:** Pesticide, non-regulated  
- **Technical Shipping Name:** NA  
- **Packing Group:** NA  
- **D.O.T. Hazard Class:** NA  
- **U.N./N.A. Number:** NA  
- **Product RQ (lbs):** NA  
- **D.O.T. Label:** NA  
- **D.O.T. Placard:** NA  
- **Marine Pollutant:** NA

---

**AFFIRM™ WDG** is not for use on turf being grown for commercial seed production. **AFFIRM™ WDG** is not for homeowner use to treat food crops. **AFFIRM™ WDG** is for use in controlling or suppressing certain diseases on cucurbit vegetables, fruiting vegetables, ginseng, grapes, pome fruits, strawberries, and seedlings or transplants of cucurbit vegetables and fruiting vegetables in a Greenhouse, Lath or Shade house, Ornamentals (Greenhouse, Lath or Shade house, Field, Nursery, Container, and Residential and Commercial Landscapes), and Turf (including golf courses, sod, residential lawns, parks, athletic fields, and commercial and institutional grounds) composed of cool and warm season grasses such as Bluegrass, Bentgrass, Fescue, Ryegrass, Bermudagrass, St. Augustinegrass, Zoysia grass, or their mixtures. **AFFIRM™ WDG** as a preventative or curative treatment in conjunction with good management practices.

**RESISTANCE MANAGEMENT RECOMMENDATIONS**

**AFFIRM™ WDG** contains a Group 19 fungicide. Fungal isolates with acquired resistance to Group 19 may eventually dominate the fungal population if Group 19 fungicides are used repeatedly in the same field or in successive years as the primary method of control for targeted species. This may result in partial or total loss of control of those species by **AFFIRM™ WDG** or other Group 19 Fungicides. To delay fungicide resistance, consider:

- Avoiding the consecutive use of **AFFIRM™ WDG** or other target site of action Group 19 fungicides that have a similar target site of action, on the same pathogens.
- Using tank-mixtures or premixes with fungicides from different target site of action Groups as long as the involved products are all registered for the same use and are both effective at the tank mix or prepack rate on the pathogen(s) of concern.
- Basing fungicide use on a comprehensive IPM program.
- Monitoring treated fungal populations for loss of field efficacy.
- Contacting your local extension specialist, certified crop advisors, and/or manufacturer for fungicide resistance management and/or IPM recommendations for specific crops and resistant pathogens.

**MIXING AND APPLICATION**

When diseases not specified on this label are present or expected, it is appropriate to mix **AFFIRM™ WDG** with appropriately labeled fungicides. When tank mixing **AFFIRM™ WDG** with other products, observe all precautions and limitations on each separate product label. It is always advisable to conduct a tank mix
compatibility test when you plan to mix this product with other products. To determine the physical compatibility of this product with other products, use a jar test. Using a quart jar, add the proportionate amounts of the products to approximately one quart of water with agitation. Add dry formulations first, then flowables, then emulsifiable concentrates last. After thorough mixing, allow this mixture to stand for 5 minutes. If the combination remains mixed or can be readily remixed, it is physically compatible. Once compatibility has been proven, use the same procedure for adding required ingredients to the spray tank. To assess the potential for phytotoxicity, test tank mixtures on a small number of plants prior to more widespread application.

Do not apply this product through any type of irrigation system.

Mixing instructions for AFFIRM™ WDG:
• Fill spray tank with water to ½ of the intended final volume.
• Start spray tank agitation.
• Add the appropriate amount of product to the tank according to the rates in the following tables. Follow the directions above for mixing other products in the spray tank.
• Agitate to ensure thorough mixing while adding the remaining required water.
• DO NOT allow the spray mixture to stand without agitation.
Mix only the amount of spray solution needed to treat the desired area.

For optimum control of labeled diseases, apply AFFIRM™ WDG with sufficient water to provide a thorough coverage.

CUCURBIT VEGETABLES
[Chayote (fruit), Chinese waxgourd (Chinese preserving melon), Citron melon, Cucumber, Gherkin, Gourd, edible (includes hyotan, cucuzza, hechima, Chinese okra), Momordica spp. (includes balsam apple, balsam pear, bitter melon, Chinese cucumber), Muskmelon (includes true cantaloupe, cantaloupe, casaba, crenshaw melon, golden pershaw melon, honeydew melon, honey balls, mango melon, Persian melon, pineapples melon, Santa Claus melon, and snake melon), Pumpkin, Squash, summer (includes crookneck squash, scallop squash, straightneck squash, vegetable marrow, zucchini), Squash, winter (includes butternut squash, calabaza, hubbard squash, acorn squash, spaghetti squash), Watermelon]

FRUITING VEGETABLES (Except Cucurbits)

Eggplant, Groundcherry, Pepino, Pepper (includes bell pepper, chili pepper, cooking pepper, pimento, sweet pepper), Tomatillo, Tomato

Disease Control Rate Application Notes

Powdery Mildew 6.2 oz/acre
(Leveillula taurica, Oidiopsus sipula)
(0.7 oz ai/acre)

Botrytis Rot
(Botrytis sp.)
Early Blight
(Alternaria solani)

Disease Suppression

Anthracnose
(Colletotrichum coccodes)

Notes:
• Use in alternation with fungicides that have different modes of action.
• Do not apply more than 5 applications of AFFIRM™ WDG (3.5 oz ai/acre) per season.
• Apply within 2 weeks following plant emergence and continue throughout the season.
• Consult your local extension agent or local recommendations for information relating to proper timing for control of these diseases.
• Use in alternation with fungicides that have different modes of action.
• Do not apply more than 3 applications of AFFIRM™ WDG (2.1 oz ai/acre) per season.

GINSENG (Except California)

Alternaria blight 6.2 oz/acre
(Alternaria panax)
(0.7 oz ai/acre)

Botrytis blight
(Botrytis cinerea)

Root and Crown Disease Control

Cylindrocarpon root rot
(Cylindrocarpon destructans)
(6.2 oz/acre)
(0.7 oz ai/acre)

Rhizoctonia root and crown rot
(Rhizoctonia solani)

Notes:
• Apply within 2 weeks following plant emergence and continue throughout the season.
• Consult your local extension agent or local recommendations for information relating to proper timing for control of these diseases.
• Use in alternation with fungicides that have different modes of action.
• Do not apply more than 3 applications of AFFIRM™ WDG (2.1 oz ai/acre) per season.

SECTION 6: ACCIDENTAL RELEASE MEASURES

EMERGENCY PHONE NUMBERS
Poision Control Center: 1-800-222-1222
Spill Calls (CHEMTREC): 1-800-424-9300

Sweep up spilled material and place in covered, dry container. Wash spill response materials thoroughly before reuse. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

SECTION 7: HANDLING AND STORAGE

It is a violation of federal law to use this product in a manner inconsistent with its labeling. Read entire label. Use strictly in accordance with label precautionary statements and directions. READ AND OBSERVE ALL PRECAUTIONS ON PRODUCT LABEL. Handle and open container with care. Avoid inhaling this material. Avoid eye and skin contact with this material. Wash contaminated clothes thoroughly before reuse. Use with adequate ventilation. Wash thoroughly with soap and water after handling. Keep container closed or equipped with a local air exhauster. Handle the container carefully. Do not drop or drag the container. Avoid impacts to the container. Store container in dry conditions without direct sunlight.

SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

Eye Protection: Wear suitable eye protection.
Respiratory/Ventilation Requirements: Dust-proof mask.
Skin Protection: Wear appropriate protective clothing and gloves to prevent skin contact.

MSDS Number: 4195-001 Issue Date: 01/18/10
NDA = No Data Available NA = Not Applicable
### GRAPES

**Botrytis Bunch Rot**
*(Botrytis cinerea)*
- Rate: 6.2 oz/acre (0.7 oz ai/acre)
- Application Notes:
  - Mix in appropriate spray volume appropriate for sufficient coverage.
  - For Botrytis Bunch Rot control, spray product at veraison and 7 days prior to harvest.
  - For Powdery Mildew control, begin sprays preventatively and continue as needed on a 14 day interval.
  - 0 day Preharvest Interval.
  - Do not apply by air.

**Powdery Mildew**
*(Uncinula necator)*
- Application Notes:
  - For Powdery Mildew suppression, begin sprays preventatively and continue as needed on a 14 day interval.

**Disease Suppression**
*(Uncinula necator)*

**Notes:**
- Use in alternation with fungicides that have different modes of action.
- Do not apply more than 3 applications of AFFIRM™ WDG (2.1 oz ai/acre) per season.
- Not for use in California

### POME FRUITS

*Apple, Crabapple, Loquat, Mayhaw, Pear, Oriental Pear, Quince*

**Powdery Mildew**
*(Apple: Podosphaera leucotricha)*
*(Pear: Phyllactinia mali)*
*(Alternaria Leaf Spot)*
*(Alternaria mali)*
*(Blotch)*
*(Dipllocarpon mali)*
- Rate: 6.2 oz/acre (0.7 oz ai/acre)
- Application Notes:
  - Mix in appropriate spray volume appropriate for sufficient coverage.
  - Start sprays for scab control at green tip and continue as needed on a 7-10 day interval.
  - For Powdery Mildew control, begin preventatively and repeat as necessary on a 10-14 day interval. Use of an alternation program with a sterol inhibiting fungicide is recommended.
  - 0 day Preharvest Interval.

**Disease Suppression**
*(Scab)*
*(Venturia sp.)*

**Notes:**
- Use in alternation with fungicides that have different modes of action.
- Do not apply more than 6 applications of AFFIRM™ WDG (4.2 oz ai/acre) per season.

---

**SECTION 3: HAZARDS IDENTIFICATION**

**Acute Health Hazards**
- **Eye:** Causes moderate eye irritation. The degree of the irritation/injury will depend upon the amount and duration of exposure.
- **Skin:** Harmful if absorbed through the skin. Avoid contact with skin and clothing. Wash thoroughly with soap and water after handling. Prolonged exposure may cause skin sensitization.
- **Ingestion:** Harmful if swallowed.
- **Inhalation:** Harmful if inhaled.

**Chronic Health Hazards (Including Cancer):**
Chronic exposures to low level amounts of this material are not carcinogenic.

**Teratology (Birth Defects) Information:**
No evidence of carcinogenicity or other treatment related effects was observed in animal testing.

**Mutagenicity:**
No evidence of mutagenicity was observed during animal testing.

**Reproductive and Developmental:**
No evidence of reproductive or developmental toxicity was observed during animal testing.

---

**SECTION 4: FIRST AID MEASURES**

**Eyes:**
Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**Inhalation:**
Move person to fresh air. If person is not breathing, call 9-1-1 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

**Ingestion:**
Call poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

**Skin:**
Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

Notes:
- With the exception for treatment of Fairy Ring, irrigation or rainfall soon after treatment with AFFIRM™ WDG will decrease disease control. For best control, do not irrigate for 12 hours after treatment.
- • Use in alternation with fungicides that have different modes of action.

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store in dry place away from food or feed.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Completely empty bag into application equipment. Offer for recycling, if available, or dispose of empty bag in a sanitary landfill or by incineration, or, if allowed, by State and local authorities, by burning. If burned, stay out of smoke.

Warranty and Disclaimer Statement
1. The directions for use of this product are believed to be adequate and must be followed carefully. However, it is impossible to eliminate all risks associated with the use of this product. Such risks may arise from weather conditions, soil factors, off-target movement, unconventional farming techniques, the presence of other materials, the manner of use or application, or other unknown factors, all of which are beyond the control of Cleary Chemicals LLC (Cleary), and can cause crop injury, injury to non-target crops or plants, ineffectiveness of the product, or other unintended consequences. To the extent consistent with applicable law, all such risks shall be assumed by the user or buyer.
2. Cleary warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated in the Directions for Use, subject to the inherent risks described above, when used in accordance with the Directions for Use under normal conditions.
3. This warranty does not extend to the use of this product contrary to label instructions or under conditions not reasonably foreseeable to Cleary, and is subject to the inherent risks described above. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, CLEARY DISCLAIMS ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, CLEARY, MANUFACTURER, AND SELLER DISCLAIM AND SHALL NOT BE LIABLE FOR ANY SPECIAL, INCIDENTAL, INDIRECT, OR CONSEQUENTIAL DAMAGES RESULTING FROM THE USE, HANDLING, APPLICATION, STORAGE, OR DISPOSAL OF THIS PRODUCT OR FOR DAMAGES IN THE NATURE OF PENALTIES, AND THE USER AND BUYER WAIVE ANY RIGHT THAT THEY MAY HAVE TO SUCH DAMAGES. NO AGENT, REPRESENTATIVE OR EMPLOYEE OF CLEARY IS AUTHORIZED TO MAKE ANY WARRANTY, GUARANTEE OR REPRESENTATION BEYOND THOSE CONTAINED HEREIN OR TO MODIFY THE WARRANTIES CONTAINED HEREIN. 4. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, THE EXCLUSIVE REMEDY OF THE USER OR BUYER, AND THE TOTAL LIABILITY OF CLEARY, MANUFACTURER, AND SELLER, SHALL BE LIMITED TO THE PURCHASE PRICE PAID, OR AT CLEARY’S ELECTION, THE REPLACEMENT OF THE PRODUCT.
