**SURFIX®-P STICKER**

*Principal Functioning Agents:*
- Phenyl polymers .......................................................... 95.7%
- Constituents ineffective as spray adjuvants ................ 4.3%
- Total ........................................................................... 100.00%

*All ingredients are accepted for use under CFR 40, 180.*

**KEEP OUT OF REACH OF CHILDREN**

**CAUTION**

SEE INSIDE BOOKLET FOR ADDITIONAL PRECAUTIONS AND DIRECTIONS FOR USE.

WA. Reg. No. 5909-XXXX

**SN 121869**

**MANUFACTURED FOR**

HELENA CHEMICAL COMPANY

223 SCHILLING BOULEVARD, SUITE 300

COLLIERVILLE, TN 38017

**PRECAUTIONARY STATEMENT**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION**

Harmful if inhaled. Avoid breathing spray mist. Remove and wash contaminated clothing before reuse.

**FIRST AID**

**IF SWALLOWED:**
- Call a poison control center and doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by a poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

**IF ON SKIN OR CLOTHING:**
- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

**IF INHALED:**
- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.
- Call a poison control center or doctor for further treatment advice.

**IF IN EYES:**
- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

Store in original container only. Keep packages tightly closed and do not allow water to be introduced to container contents. Do not store this product near heat or open flames. Do not store with oxidizing agents or ammonium nitrate.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of as on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL:** Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycled discontaminated containers is the best option of container disposal. The Agricultural Container Recovery Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrc1.org. Decontaminated containers may also be disposed of in a sanitary landfill.

**PERSONNEL PROTECTIVE EQUIPMENT**

Wear long-sleeved shirt and long pants, and shoes plus socks.

**GENERAL INFORMATION**

**BEFORE USING THIS PRODUCT, READ ALL PRECAUTIONS, DIRECTIONS FOR USE, CONDITIONS OF SALE-LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES.**

**SURFIX®-P**

**SURFIX®-P** is a water dispersible spreader-sticker adjuvant. **SURFIX®-P** is designed to improve the efficacy of many pesticides by increasing the spreading and adhesion of spray deposits on leaf surfaces. Unlike conventional spreader-sticker products, **SURFIX®-P** provides excellent surface tension reduction resulting in increased coverage of plant surfaces. In addition, **SURFIX®-P** reduces the tendency for washoff of the spray deposit by light to moderate rainfall, heavy dew or irrigation water applied by above canopy sprinkler systems. **SURFIX®-P** does not contain petroleum or vegetable based oils. Optimum application and effects, however, can be influenced by the crop, pest, spray equipment, spray volume, pressure, droplet size, spray mixture and environmental factors. Consequently, it is recommended that careful observations of the spray deposit be made and adjuvant concentrations be adjusted accordingly.

**DIRECTIONS FOR USE**

**FOR USE WITH PRODUCTS REGISTERED FOR: AGRICULTURAL, FORESTRY, INDUSTRIAL, MUNICIPAL, NON-CROPLAND, ORNAMENTAL, RIGHTS-OF-WAY, TURF AND OTHER USES.** Not for Aquatic Use.

The addition of an adjuvant to some pesticides or pesticide tank mix combinations may cause phytotoxicity to the foliage and/or fruit of susceptible crops. Prior to the addition of **SURFIX®-P** to spray tank mixes and/or prior to the application of **SURFIX®-P** with a pesticide and/or a fertilizer where a spreader-sticker adjuvant is not specifically recommended but not prohibited by the products’ label, the user or application advisor must have experience with the combination under similar environmental and crop cultural conditions and/or have conducted a phytotoxicity trial under similar environmental and crop cultural conditions.

**SURFIX®-P may be applied by ground or air spray equipment.** **SURFIX®-P** may be applied in concentrate or dilute sprays. In most applications, use enough **SURFIX®-P** to allow for uniform wetting and deposition of the spray onto leaf surfaces without undue runoff.

**GROUND:** Use ½ to 2 pints of **SURFIX®-P** per 100 gallons of total spray solution. Use sufficient spray for thorough coverage, or the amount of total spray solution recommended by the pesticide label(s). Do not use more than 10 ozs. per acre.

**AIR:** For maximum sticking effect, use 2 to 5 ounces of **SURFIX®-P** per 1 to 5 gallons of water per acre. For general application, use 1 to 2 pints per 100 gallons of spray solution. Do not use more than 10 ozs. per acre.

**NOTE:** The above use recommendations are considered to be adequate for most uses. Some pesticides, however, may require higher or lower rates for optimum effect. Follow the pesticide label directions when this occurs.

**ORDER OF ADDITION TO SPRAY TANK**

1. Water (as specified by pesticide label).
2. Add all Pesticide or Spray Materials.
4. Add **SURFIX®-P**.

**CONDITIONS OF SALE - LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES**

Read the Conditions of Sale - Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full purchase price will be refunded.

The directions on this label are believed to be reliable and should be followed carefully. Insufficient control of pests and/or injury to the crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of Helena Chemical Company (the "Company") or seller. In addition, failure to follow label directions may cause injury to crops, animals, man or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the directions for use subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind, express or implied, concerning the product, including any implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law.

The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at Helena Chemical Company’s election, one of the following:

1. Refund of the purchase price paid by buyer or user for product bought, or
2. Replacement of the product used.

To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company and the seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
