Net Contents: Three (8 grams) packets = 24 g
USE INFORMATION
IMAGE Herbicide Kills Crabgrass II is a selective post-emergence herbicide absorbed by shoots, foliage and weed roots which controls listed annual grasses, broadleaf weeds and annual and perennial sedges in established lawns. The product is a water dispersible granule to be diluted in water.

PRODUCT USAGE
Kills
Listed annual grasses such as crabgrass, broadleaf weeds and annual and perennial sedges in established lawns.

Use On
Cool Season Lawns: Bentgrass (Creeping), Bluegrass (Kentucky and Rough), Fescue (Fine and Tall) and Perennial Rye.
Warm Season Lawns: Bermudagrass (Common and Hybrid), Buffalo grass, Centipede grass, Seashore Paspalum and Zoysia grass.
Do not use on St. Augustine grass.

Amount to Use
One packet diluted in one gallon of water treats 500 sq. ft. The diluted total contents of the box treats 1500 sq. ft.

When to Use
When crabgrass or listed weeds are visible, small and actively growing. For newly seeded grass, application can be made after second mowing.

See enclosed insert for complete Directions for Use.

FIRST AID
IF SWALLOWED
• Call a poison control center or doctor immediately for treatment advice.
• Have person sip a glass of water if able to swallow.
• Do not induce vomiting unless told to do so by the poison control center or doctor.
• Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING
• Take off contaminated clothing.
• Rinse skin immediately with plenty of water for 15-20 minutes.
• Call a poison control center or doctor for treatment advice.

IF IN EYES
• Hold eye open and rinse slowly and gently with water for 15-20 minutes.
• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
• Call a poison control center or doctor for treatment advice.

IF INHALED
• Move person to fresh air.
• If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.
• Call a poison control center or doctor for further treatment advice.

HOTLINE NUMBER
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-331-3148 for emergency medical treatment information.

For Information Regarding the Use of this Product Call 1-800-265-0761.

Environmental Hazards: This pesticide is toxic to marine/baieuse marine organisms. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters, or surface waters. Applying this product in calm weather when rain is not projected for the next 24 hours will help avoid runoff to water bodies or drain conditions as a result of wind. Use of this chemical in areas where it is applied directly to water or to objects that come into contact with water is prohibited. In the event of a spill, call the emergency response number published on the label.

Centrally applied herbicides may drift beyond the treated area and contaminate nearby water supplies. Some of these areas may also have a high potential for groundwater contamination. Areas that are most susceptible to ground and surface water contamination include: areas adjacent to water bodies, a hydraulic connection with the drain, areas adjacent to wetlands, areas adjacent to natural water bodies, areas adjacent to drain fields, areas adjacent to dry wells, areas adjacent to wells that draw water from a natural water body, areas adjacent to surface waters, areas adjacent to wetlands, areas adjacent to wildlife, areas adjacent to natural areas. For more information about this product, contact your local Distributor or call your Representative. IMAGE is a registered trademark of Central Garden & Pet Co.

PRECAUTIONARY STATEMENTS
Hazard to Humans (and Domestic Animals)
CAUTION
• Harmful if swallowed or absorbed through skin.
• Avoid contact with skin or clothing.
• Causes moderate eye irritation.
• When using this product, wear long sleeved shirt, long pants, shoes, socks and chemical resistant gloves made of any waterproof material.

Active ingredients:
Sulfentrazone* 16.25% (read as 16.25%)
Quinclorac* 35.26% (read as 35.26%)
Other ingredients: 48.29%
Total: 100%

Easy to Use Packets
Kills tough weeds
Kills Crabgrass, Clover, Plantain, Chickweed and other listed weeds and sedges

Direction
When to use
When crabgrass or weeds are visible, small and actively growing. For newly seeded grass, application can be made after second mowing.

How much to use
One packet diluted in one gallon of water treats 500 sq. ft. The diluted total contents of the box treat 1500 sq. ft.

How to use
1) Remove one packet from the box.
2) Fill a clean one gallon tank sprayer with 1/2 gallon of water.
3) Add the contents of one packet to the tank sprayer.
4) Thoroughly mix tank sprayer and use rinse water to treat weeds.

Environmental Hazards
• This pesticide is toxic to marine/estuarine invertebrates.
• To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters.
• Applying this product in calm weather when rain is not predicted for the next 24 hours will help ensure that wind or rain does not blow or wash pesticide off the treatment area.
• Rinse application equipment over the treated area will help avoid runoff to water bodies or drainage systems.
• Groundwater activity: The active ingredients in this product are known to leach through soil into groundwater under certain conditions as a result of label use. Use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. Do not use on coarse soils classified as sand which have less than 1% organic material.

Surface water activity: This product can contaminate surface water through spray drift. Under some conditions, this product may also have a potential for runoff into surface water (primarily via field application in runoff water), for seven days after application. These include poorly drained or wet soils with readily available soil moisture or frequent rainfall, frequently flooded areas, areas overlying extremely shallow groundwater, areas with in-field canals or ditches that drain to surface water, waterways, streams, rivers, etc. that are not separated by at least 20 feet of adjacent surface waterways with 4 inch filter strips, and areas overlying tile drainage systems that drain to surface water bodies.

HOW TO USE
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-331-3148 for emergency medical treatment information.

For Information Regarding the Use of this Product Call 1-800-286-0791.

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage
Store in original container only, away from other pesticides, fertilizer, food or feed. Store in a cool, dry place and avoid excess heat.

In case of spill, avoid contact, isolate area and keep out animals and unprotected persons. Call FCC at 1-800-331-3148.

To contain spill, if liquid, dispose surrounding area or absorb with sand, cat litter or commercial clay. If dry material, cover to prevent dispersal. Package damaged in a packaging tank, identify contents.

Pesticide Disposal
If product cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance. Never pour unused pesticides down a drain.

Container Disposal
Non-refillable container. Do not reuse or refill this container. Offer for recycling if available or place in trash.

WARRANTIES - CONDITIONS OF SALE
RECOMMENDATIONS FOR USE of this product are based upon tests believed reliable. Fellow growers and other influencing factors in the use of this product are beyond the control of the Seller. To the extent consistent with applicable law, Buyer assumes all risks of use, storage and handling of this material not in strict accordance with directions given herewith. To the extent consistent with applicable law, in no case shall the Manufacturer or the Seller be liable for consequential, special or indirect damages resulting from the use of handling of this product when such use and/or handling is not in strict accordance with directions given herewith.

INSTRUCCIONES (continúa)

Cómo usar
1. Saque un paquete de la caja.
2. Llene un rocador de tanque limpio de un galón con la grana de agua.
3. Agregue el contenido de un paquete a la caca. 
4. Termine de llenar el rocador de un grán con la grana de agua.
5. Rocar el rocador y el rocador de aire para llenar completamente.

Nota: Asegurarse de agitar bien nuevamente el producto antes de usar si se dejó sin mover durante un período de tiempo largo.

Para obtener los mejores resultados

Para uso en otras granas

Este producto puede usarse como se indica en los siguientes tipos de granas:

1. Granas termoplásticas de poliuretano (Turf, Turf, etc.)
2. Granas de Piel (Turf, etc.)
3. Granas de corte de grama (Turf, etc.)
4. Granas de polipropileno (Turf, etc.)

Restricciones

Evite el rocio en vientos, plantas ornamentales, grandes plantas, árboles y otras plantas que desee conservar, especialmente en las plantas que representan la familia de las asteridiales, tales como tomates, berenjenas y plátanos. No aplique este producto por medio de ningún tipo de sistema de riego. No lo aplique en grana de recorte de barba ni en grana de remate de grana. No lo aplique sobre pasas o pastas para ropa o fresas. No lo aplique en aire o para otro propósito. No lo aplique por medio de ningún tipo de sistema de riego. No lo aplique en grana de recorte de barba ni en grana de remate de grana. No lo aplique sobre pasas o pastas para ropa o fresas. No lo aplique por medio de ningún tipo de sistema de riego. No lo aplique en aire o para otro propósito.
