**IMAGE® KILLS CRABGRASS**

**Herbicide**

**USE INFORMATION**

IMAGE Herbicide Kills Crabgrass® is a selective post-emergence herbicide absorbed by shoots, foliage and weed roots which controls listed annual grasses, broadleaf weeds and annual and perennial sedges in established lawns. The product is a water dispersible granule to be diluted in water.

**PRODUCT USAGE**

<table>
<thead>
<tr>
<th>Kills</th>
<th>Listed annual grasses such as crabgrass, broadleaf weeds and annual and perennial sedges in established lawns.</th>
</tr>
</thead>

| Use On              | Cool Season Lawns: Bentgrass (Creeping), Bluegrass (Kentucky and Rough), Fescue (Fine and Tall) and Perennial Rye.  
                     | Warm Season Lawns: Bermudagrass (Common and Hybrid), Buffalo grass, Centipedegrass, Seashore Paspalum and Zoysiagrass.  
                     | Do not use on St. Augustinegrass.  |
| Amount to Use       | One packet diluted in one gallon of water treats 500 sq. ft. The diluted total contents of the box treats 1500 sq. ft. |
| When to Use         | When crabgrass or listed weeds are visible, small and actively growing. For newly seeded grass, application can be made after second mowing. |

See enclosed insert for complete Directions for Use.

**FIRST AID**

| IF SWALLOWED | Call a poison control center or doctor immediately for treatment advice.  
               | Have person sip a glass of water if able to swallow.  
               | Do not induce vomiting unless told to do so by the poison control center or doctor.  
               | Do not give anything by mouth to an unconscious person.  |
| IF ON SKIN OR CLOTHING | Take off contaminated clothing.  
                         | Rinse skin immediately with plenty of water for 15-20 minutes.  
                         | Call a poison control center or doctor for treatment advice.  |
| IF IN EYES | Hold eye open and rinse slowly and gently with water for 15-20 minutes.  
               | Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.  
               | Call a poison control center or doctor for treatment advice.  |
| IF INHALED | Move person to fresh air.  
               | If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.  
               | Call a poison control center or doctor for further treatment advice.  |
