CAUTION
See additional precautions and first aid on back panel.

Net Contents: 1 Quart (32 fl. oz.) (946 mL)

32 OZ
This product is made especially to control the growth of algae in all types of swimming pools. Its long lasting action will control existing algae and subsequent doses will control recontamination by algae. Treated water can be used immediately—no waiting to swim!

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
This product will not cause water to foam and will not alter the pH or chlorine content of the water.
This product comes concentrated.
- Pour required amount into a plastic watering can, fill with water and sprinkle around edge of pool.
- Apply initial treatment to a freshly filled pool or at first visible signs of algae growth. Apply under sunny conditions for most effective results.
Compatible with bromine, chloride, salt water, ozone and minerals.
