PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER
Corrosive. Causes irreversible eye damage. Harmful if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles, face shield or safety glasses. Wear protective clothing and rubber gloves. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

PERSONAL PROTECTIVE EQUIPMENT
Applicators and other handlers must wear:
• Goggles, face shield, or safety glasses
• Coveralls or long-sleeved shirt and long pants
• Socks and chemical resistant footwear,
• Chemical-resistant gloves (such as: Barrier Lam nate or viton),
• A NIOSH-approved N100 Particulate Respirator (or equivalent) should be worn when PEL threshold levels are exceeded over an 8 hour work period.

USER SAFETY REQUIREMENTS
Discard clothing or other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them. Follow manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions exist for washables, use detergent and hot water. Keep and wash PPE separate from other laundry. Users must wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Users must remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users must remove personal protective equipment immediately after handling this product. Wash outside of gloves before removing. As soon as possible wash thoroughly.

ENVIRONMENTAL HAZARDS
This product is toxic to fish and wildlife. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of EPA. Observe the most restrictive of the labeling limitations and precautions of all products used in mixtures.

PHYSICAL OR CHEMICAL HAZARDS
This product is incompatible with strong acids and bases (strong alkalies), and oxidizers. Do not mix with other chemicals unless otherwise instructed to do so.

WOLMAN® E (µCA-C)
FOR INDUSTRIAL USE ONLY
ACTIVE INGREDIENTS:
BASIC COPPER CARBONATE* .......................................................... 43.4%
TEBUCONAZOLE ........................................................................... 0.5%
PROPICONAZOLE ........................................................................... 0.5%
OTHER INGREDIENTS: ............................................................... 55.6%
Total .......................................................................................... 100.0%
* 25% Copper elemental equivalent. This product contains Sodium Nitrite.

KEEP OUT OF REACH OF CHILDREN
DANGER
See side panel for additional precautionary statements.

FIRST AID
IF IN EYES:
• Hold eye open and rinse slowly and gently with water for 15-20 minutes.
• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
• Call a poison control center or doctor for treatment advice.

IF SWALLOWED:
• Call a poison control center or doctor immediately for treatment advice.
• Have person sip a glass of water if able to swallow.
• Do not induce vomiting unless told to do so by a poison control center or doctor.
• Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING:
• Take off contaminated clothing.
• Rinse skin immediately with plenty of water for 15-20 minutes.
• Call a poison control center or doctor for treatment advice.

IF INHALED:
• Move person to fresh air.
• If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible.
• Call a poison control center or doctor for further treatment advice.

Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.

Have the product container or label with you when calling a poison control center or doctor for treatment advice. In case of Emergency call: 800-654-6911. Outside US: 423-780-2970

Manufactured for: Arch Treatment Technologies, Inc.
5660 Northside Drive, Suite 1100, Atlanta, GA 30328
ACEAN 24-Hr. Emergency Response 800-654-6911
EPA Reg. No. 75506-12
EPA Est. No. 62190-GA-001
Net Contents: 275 US gallons

DIRECTIONS FOR USE
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

This product has been developed to be used for treatment of wood products. This product can be used in Tank Mixes with other compounds approved for wood treatment or EPA approved products. Do not attempt to use without having the necessary safety equipment. To be used only in treatment of wood products utilizing water solutions having concentrations ranging from 0.1 percent to 5.0 percent active ingredients by weight. Impregnation procedures must rigidly adhere to the current specifications of Arch Treatment Technologies, Inc. or the American Wood Protection Association. Processes used to apply Copper Azole formulations shall leave no visible surface deposits on the wood. Visible surface deposits means a surface residue or crystallization on the treated wood. Small isolated or infrequent spots of chemical on otherwise clean wood shall be allowed. Treatment of wood products with this Copper Azole wood preservative provides wood with protection against termites, ascomycetes, white rot, brown rot, soft rot, and dry rot. The percent solution to be used should be based on the retention in lbs. per cubic foot (pcf) specified by the purchaser and by the treating process used.

STORAGE:
Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited. Do not reuse empty container. In case of spill or leak, stop source of spill as soon as possible and notify appropriate personnel. Utilize emergency response personal protection equipment prior to the start of any response. Evacuate all non-essential personnel. Contain all liquids for treatment or disposal. Water Release: This material is dispersible in water. Notify all downstream users of possible contamination. Divert water flow around spill if possible and safe to do so. Land Release Create a dike or trench to contain materials. Absorb spill with inert material (e.g., dry sand, clay, earth or commercial absorbent), then place in a chemical waste container. Avoid runoff into storm sewers and ditches which lead to waterways. Contain all liquids for treatment or disposal. Dispose of spill residues per Federal, State, and local EPA guidelines.

PESTICIDE DISPOSAL: Pesticides wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance. Triple rinse as follows: Emptying remaining contents into application equipment or a mix tank. Fill the container 1/4 full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times.

CONTAINER DISPOSAL: Nonrefillable Container. Do not reuse or refill this container. Offer for recycling if available. Triple rinse container promptly after emptying. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.
