**ACTIVE INGREDIENTS:**
- fermentation solids, spores and insecticidal toxins
  - Bacillus thuringiensis
  - Strain BMP 144  .....................1%
  - fermentation solids, spores and insecticidal toxins
  - Bacillus sphaericus

**OTHER INGREDIENTS:**
- hydration + 15%

**TOTAL:** ..................................................................................................................100%

**HARMFUL IF INHALED.**
- Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing.
- Harmful if inhaled. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing.
- If inhaled, remove to fresh air. If not breathing, call 911 or an ambulance, then give
  artificial respiration, preferably by mouth if possible. If breathing stops, continue
  resuscitation. In case of medical emergency, consult a physician.

**FIRST AID**

- **If in eyes:**
  - Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- **If on skin or clothing:**
  - Rinse skin immediately with plenty of water for 15-20 minutes. Remove and wash
  contaminated clothing.
- **If inhaled:**
  - Move person to fresh air. If not breathing, call 911 or an ambulance, then give
  artificial respiration, preferably by mouth if possible. If breathing stops, continue
  resuscitation. In case of medical emergency, consult a physician.
- **If swallowed:**
  - Do not induce vomiting. Give 1-2 cups of water to drink. Call physician.

**ENVIRONMENTAL HAZARDS**

FourStar® Briquets can be applied to areas that contain aquatic life, fish and plants, as
well as areas used by or in contact with humans, animals, birds, livestock, pets or wildlife.
Examples of application sites include, but are not limited to: streams, ditches,
saltwater, drainage systems, floodwater and wetlands, as well as areas used by or in
contact with humans, animals, birds, livestock, pets, or wildlife.

**APPLICATION DIRECTIONS**

FourStar® Briquets are a highly selective microbial insecticide effective against mosquitoes in a variety of habitats for up to 180 days or more. FourStar® Briquets release effective levels of active ingredient into the water surface over time as the briquet dissolves.

**APPLICATION SITES**

- For control of mosquito larvae, place one briquet in sites up to 100 square feet of water surface, regardless of water depth. When mosquito populations are high, water is
  treated more frequently and/or additional briquets are added.
- For control of emerging adult mosquitoes, one additional briquet is added for each
  100 square feet of additional water surface.
- For control of emerging adult mosquitoes, place one briquet in a site up to 100 square feet of water surface. Additional sites include, but are not limited to, small
  catch basins, underground drainage systems, storm water retention areas, retention ponds,
  man-made and natural ponds, water gardens, fish ponds, ornamental fountains, water
  gardens, water features, animal drinking troughs, and all standing water containing
  larvae. Applications in areas such as canals, creeks, water supplies, and
  watercourses are a highly selective microbial insecticide effective against mosquitoes.

**Hazardous Statements**

**HAZARDOUS TO HUMANS AND DOMESTIC ANIMALS – CAUTION:**

- Avoid breathing dust. Wash thoroughly with soap and water after handling and before eating,
  drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated
  clothing.

- Do not apply to treated, finished drinking water reservoirs or drinking water receptacles
  when the water is intended for human consumption.

- It is a violation of Federal law to apply this product to any water in violation of Federal law.

**PRESERVATION STATEMENTS**

- Stated application rates are a highly selective microbial insecticide effective against mosquitoes in a variety of habitats for up to 180 days or more. FourStar® Briquets release effective levels of active ingredient into the water surface over time as the briquet dissolves.

**PRECAUTIONARY STATEMENTS**

- This product is for sale only to apply this product as indicated on the label.

**NOTICE TO USER**

- Seller makes no warranty express or implied of merchantability, fitness or otherwise
  concerning the use of this product other than as indicated in the label. Buyer assumes
  all risk of use, handling or storage in strict accordance with label instructions.

**STORAGE AND DISPOSAL**

- Do not contain water, fuel or fuel by storage or disposal.

**Pesticide Disposal:**

- Arrange for this product to be disposed of by the producer, dealer or distributor.

**Container Disposal:**

- Nonrefillable container. Do not refill or reuse empty container. Dispose of packaging material.

**Environmental considerations:**

- EPA-Estimated No. 86884-OR-1

**SUSTAINED RELEASE 180 DAY MICROBIAL BRIQUETS**

- FourStar® Briquets

**APPLICATION RATES**

- For control of mosquito larvae, place one briquet in sites up to 100 square feet of water surface, regardless of water depth. When mosquito populations are high, water is
