| **If inhaled** | • Move person to fresh air.  
• If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.  
• Call poison control center or doctor for treatment advice. |
| **If on skin or clothing** | • Take off contaminated clothing.  
• Rinse skin immediately with plenty of water for 15-20 minutes.  
• Call poison control center or doctor for treatment advice. |
| **If in eyes** | • Hold eye open and rinse slowly and gently with water for 15-20 minutes.  
• Remove contact lenses, if present, after the first 5 minutes, and then continue rinsing eyes.  
• Call poison control center or doctor for treatment advice. |

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-248-7763 for emergency medical treatment information.
PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS - CAUTION:
Harmful if inhaled. Causes moderate eye irritation. Avoid contact with
skin, eyes, or clothing. Avoid breathing dust. Wash thoroughly with soap
and water after handling and before eating, drinking, chewing gum, using
tobacco or using the toilet. Remove and wash contaminated clothing before
reuse. Prolonged or frequently repeated skin contact may cause allergic
reactions in some individuals.

ENVIRONMENTAL HAZARDS
Do not apply to treated, finished drinking water reservoirs or drinking water
receptacles when the water is intended for human consumption.

DIRECTIONS FOR USE
It is a violation of Federal law to apply this product in a manner inconsistent
with its labeling.

APPLICATION DIRECTIONS
FourStar® Briquets are a highly selective microbial insecticide effective
against mosquitoes in a variety of habitats for up to 180 days or more.
FourStar® Briquets release effective levels of Bacillus sphaericus and
Bacillus thuringiensis subspecies israelensis to the water surface over
time as the briquet dissolves.

APPLICATION SITES
FourStar® Briquets can be applied to areas that contain aquatic life, fish
and plants, as well as areas used by or in contact with humans, animals,
horses, livestock, pets, birds or wildlife. Examples of application sites
include, but are not limited to: storm drains, catch basins, underground
drainage systems, storm water retention areas, retention ponds,
abandoned swimming pools, ornamental fountains and ponds, fish ponds,
water gardens, animal drinking troughs, standing water, water holding
receptacles, manmade and natural sites where mosquitoes may develop.

APPLICATION RATES
For control of mosquito larvae, place one briquet in sites up to 100 square
feet of surface area. For large sites, apply one additional briquet for each
additional 100 square feet of water surface, regardless of water depth.
When mosquito populations are high, water is heavily polluted, and/or
algae are abundant, double the above application rate.

STORAGE AND DISPOSAL
Do not contaminate water, food, or feed by storage or disposal.
Pesticide Storage: Store in a cool, dry place.
Pesticide Disposal: Wastes resulting from use of this product may be
disposed of on site or at an approved waste disposal facility.
Container Disposal: Nonrefillable container. Do not reuse or refill empty
carton or packaging material. Offer for recycling if available or crush
and discard carton in a sanitary landfill or by incineration or, if allowed
by state and local authorities, by burning. If burned, stay out of smoke.

NOTICE TO USER
Seller makes no warranty, express or implied, of merchantability, fitness
or otherwise concerning the use of this product other than as indicated on
the label. User assumes all risks of use, storage or handling not in strict
accordance with label instructions.
FOURSTAR® Briquets

ACTIVE INGREDIENTS:
*Bacillus sphaericus 2362, serotype H5a5b, strain AML614 .................. 6%
**Bacillus thuringiensis subspecies israelensis strain BMP 144 ............... 1%
fermentation solids, spores and insecticidal toxins
OTHER INGREDIENTS: .............................................................................. 93%
TOTAL: .................................................................................................... 100%

Equivalent to *60 Bs ITU/mg and **70 ITU/mg respectively. The percent active ingredient does not indicate product performance and potency measurements are not federally standardized.

KEEP OUT OF REACH OF CHILDREN
CAUTION
