**PRECAUTIONARY STATEMENTS**

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CORROSIVE.** Causes irreversible eye damage or skin damage. May be fatal if swallowed. May be harmful if absorbed through the skin or inhaled. Do not get in eyes, on skin or on clothing. Do not breathe vapor or spray mist. Wear long-sleeved shirt and long pants, socks, and chemical resistant footwear, goggles, or face shield, and chemical resistant gloves (such as barrier laminate or butyl rubber, nitrile rubber, nitrile rubber, PVC or viton, category C7). Wash hands before eating, drinking and chewing gum, using tobacco or using the toilet.

Remove contaminated clothing and washing clothing.

**PHYSICAL & CHEMICAL HAZARDS:** Mix only with water following label directions. Do not mix with chlorinated cleansers or sanitizers. Tarred chlorine gas will be formed. Contact with soft metals may generate hydrogen gas.

**ENVIRONMENTAL HAZARDS:** This product is toxic to fish. Keep out of lakes, ponds or streams. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not discharge effluent containing this product into lakes, streams, ponds, cesspits, septic tanks, seepage areas or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

**STORAGE & DISPOSAL**

Storage: Keep container closed when not in use. Do not store below 4°C for extended periods.

**PESTICIDE DISP:GAL:** Do not contaminate water, food or feed by storage or disposal. Pesticide wastes are acutely hazardous. Improper disposal of pesticide wastes or rinsates is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**CONTAINER DISPO:GAL:** Nonrefillable container. Do not reuse or refill this container. Triple rinse (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container full with water and recirculate for 10 seconds. Pour rinsates into application equipment or a mix tank or store rinsates for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure for two more times.

**DIRECTIONS FOR USE:** It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**FOOD PROCESSING AND DAIRY EQUIPMENT:** Remove gross food particles and soil by a pre-flush or pre-scrub and when necessary, pre-scale treatment. Clean all surfaces with a chroomed alkaline cleaner, followed by a potable water rinse prior to the application of the sanitizing solution.

Sanitize equipment prior to use with a solution of 1 ounce DiCaSan CIP per 6 gallons of water, to provide 60 ppm of diacetyl and propionic acid. Circulate sanitizing solution through CIP or CIP systems for a minimum of 2 minutes.

**KEEP OUT OF REACH OF CHILDREN**

**DANGER**

**FIRST AID**

If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes. Then continue rinsing. Call a Poison Control Center or doctor for treatment advice.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice.

If Inhaled: Move person to fresh air. If person is not breathing call 911 or ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a Poison Control Center or doctor for further treatment.

If Swallowed: Call a Poison Control Center or doctor for treatment advice. Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the Poison Control Center or doctor.

**HOT LINE NUMBER:** In case of emergency call toll free 1-866-923-4910.

Have this product container or label with you when calling a person control center or doctor or going for treatment.

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage.

**UN1760, CORROSIVE LIQUIDS, N.O.S. (PHOSPHORIC ACID, PROPIONIC ACID)**

**DicaSan CIP**

DicaSan CIP is a non-ionic blended acid sanitizer for C.I.P. and C.O.P. systems. Tanks and Basin flush systems.

**ACTIVE INGREDIENTS:**

Diacetyl Acid 3.0%

**NITRIC ACID 3.0%**

Phosphoric Acid 13.5%

Propionic Acid 10.0%

**INERT INGREDIENTS:**

55.5%

Total: 100.0%

Sanitizing solution should have a pH of 4 or below. Completely drain solution and allow air to dry. For mechanical operations, the prepared use solution may be re-used for sanitizing, but may be re-used for other purposes such as cleaning. For manual operations, fresh sanitizing solution should be prepared daily or more often if the solution becomes dirty or soiled.

Follow state and local Health Department regulations for storing and sanitizing food processing and dairy equipment.

Regular use of DicaSan CIP will prevent formation of milstones.
