LIMITED WARRANTY: The Manufacturer warrants that when this Product is stored and used, all in accordance with label directions, that it will be fit for its intended purpose. No other express warranties concerning this product are being made, and no implied warranties as a matter of law shall not exceed the duration of this limited warranty. If this Product fails to conform to this Limited Warranty, the Manufacturer will refund your purchase price or furnish you with replacement product, whichever you prefer. This is the Manufacturer's sole liability and is in lieu of any direct, indirect, special, or consequential damages. To make a claim under this Limited Warranty, contact the store where you purchased this Product. This Limited Warranty gives you specific legal rights, and you may also have other legal rights which vary from state to state. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you. Some states do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you.

POLLUTION® PLUS™

STEP 3

FAST-DISSOLVING SHOCK TREATMENT & SUPERCHLORINATOR FOR SWIMMING POOLS

Kills Bacteria • Controls Algae • Restores Sparkle & Clarity to Pool Water • 1 Pound Treats 16,500 Gallons

ACTIVE INGREDIENT:
Calcium Hypochlorite... 73%
OTHER INGREDIENTS:... 27%
Total:............ 100%
Minimum 70% Available Chlorine

EPA Reg. No. 748-294
EPA Est. No. W85855-WV-001/P52270-CA-1

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Highly Corrosive. Causes irreparable eye and skin damage. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing and shoes before reuse. May be fatal if swallowed. Irritating to Nose and Throat. Avoid breathing dust.

PHYSICAL AND CHEMICAL HAZARDS: Strong oxidizing agent. Mix only with water. Never add water to product. Always add product to large quantities of water. Do not mix with any other chemicals. Do not add this product to any dispersing device containing remnants of any other product. Such use may cause violent reaction leading to fire or explosion. Contamination with moisture, acids, organic matter, other chemicals or easily combustible materials such as petroleum or paint products may start a chemical reaction with generation of heat, radiation of hazardous gases and possible generation of a fire or explosion. In case of contamination or decomposition, do not reseal container. If possible, isolate container in open air or well-ventilated area. Flood with large volumes of water, if necessary.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms.

Keep Out of Reach of Children

DANGER: Do Not Mix With Other Chemicals
Do Not Add Water to Product – Add Product to Water
See Additional Precautionary Statements on Back Panel

FIRST AID
Contact 1-412-434-6876 or your piscine control center for 24-hour emergency medical treatment information. Have the product container or label with you when calling a piscine control center or doctor, or going for treatment.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-30 minutes. Call a piscine control center or doctor for treatment advice. If in Pesticide: Hold eye open and rinsing slowly and gently with water for 15-30 minutes. Remove contact lenses, if any. After the first 3 minutes, then continue rinsing eye. Call a piscine control center or doctor for treatment advice.

IF INHALED: Allow person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth to mouth, if possible. Call a piscine control center or doctor for further treatment advice.

IF SWALLOWED: Call a piscine control center or doctor immediately for treatment advice. Have person take a glass of water if able to swallow. Do not induce vomiting unless told to do so by the piscine control center or doctor. Do not get anything in mouth unless under professional advice.

with this product, continue to maintain the proper balance and sanitizer level in your pool as recommended on the label of your normal pool sanitizer.

STORAGE AND DISPOSAL:

Keep in original container in a cool, dry, well-ventilated place. Keep container closed when not in use. Keep away from heat sources, sparks, open flames and ignited tobacco products. CONSUMER DISPOSAL: Do not reuse container. Residual material remaining in empty container can react to cause fire. Thoroughly flush empty container with water then dispose by placing in trash collection. PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Do not contaminate water, food, or feed by storage or disposal.

IN CASE OF FIRE: Drench with water. Calcium hypochlorite supplies oxygen; therefore, attempts to smother fire with a wet blanket, carbon dioxide, or a dry chemical extinguisher are ineffective.

IN CASE OF SPILL OR LEAK: Use extreme caution. Contamination may cause fire or violent reaction. If fire or reaction occurs in area of spill, douse with plenty of water. Otherwise sweep up spilled material, using a clean, dry shovel and broom. Dispose of spilled material in water. Then immediately use solution as directed.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Highly Corrosive. Causes irreversible eye and skin damage. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing and shoes before reusing. May be fatal if swallowed. Irritating to Nose and Throat. Avoid breathing dust.

PHYSICAL AND CHEMICAL HAZARDS: Strong oxidizing agent! Mix only with water. Never add water to product. Always add product to large quantities of water. Use only a clean, dry utensil made of metal or plastic each time product is taken from the container. Do not mix with any other chemicals. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause violent reaction leading to fire or explosion. Contamination with moisture, acids, organic matter, other chemicals or easily combustible materials such as petrol or paint products may start a chemical reaction with generation of heat, liberation of hazardous gases and possible generation of a fire or explosion. In case of contamination or decomposition, do not reseal container. If possible, isolate container in open air or well-ventilated area. Flood with large volumes of water, if necessary.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Swimming pool water is subject to a build-up of a wide variety of organic contaminants including swimmer wastes, such as perspiration, ammonia compounds, and natural and synthetic oils and lotions. If left untreated, the build-up of these contaminants could lead to the development of noxious odors, irritating water, and unsightly water clarity problems. These organic wastes which serve as nutrients for bacteria, algae, and other organisms should be removed from the pool on a regular basis to prevent their build up. This product will effectively reduce organic contamination in swimming pool water resulting in increased water clarity.

Always adjust pH between 7.2 and 7.4 prior to using this product. To oxidize the organic contamination that builds up in pool water, add 1 pound of this product for every 15,500 gallons of water. Note: Add product to water; Do Not add water to product. Add this product to the pool by broadcasting the dry granules over the pool water surface in the deepest end of the pool. Do this while the pump is running to allow for the best product dispersion. You may also add this product directly into the skimmer while the pump is running. Make sure that all other chemicals or debris have been removed from the skimmer before adding product. Add this product at night or when the pool is not in use. Do not use the pool until the free chlorine residual has dropped below 4.0 ppm as determined by using a test kit. This product should be used weekly during periods of heavy use or when water temperatures are above 80°F and once every two weeks in residential pools receiving normal usage. Between treatments with this product, continue to maintain the proper water balance and sanitizer level in your pool as recommended on the label of your normal pool sanitizer.

STORAGE AND DISPOSAL:
Keep in original container in a cool, dry, well-ventilated place. Keep container closed when not in use. Keep away from heat sources, sparks, open flames and lighted tobacco products. CONTAINER DISPOSAL: Do not reuse container. Residual material remaining in empty container can react to cause fire. Thoroughly flush empty container with water then destroy by placing in trash collection. PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Do not contaminate water, food, or feed by storage or disposal.

IN CASE OF FIRE: Drench with water. Calcium hypochlorite supplies oxygen; therefore, attempts to smother fire with a wet blanket, carbon dioxide, or a dry chemical extinguisher are ineffective.

IN CASE OF SPILL OR LEAK: Use extreme caution. Contamination may cause fire or violent reaction. If fire or reaction occurs in area of spill, douse with plenty of water. Otherwise sweep up spilled material, using a clean, dry shovel and broom and disperse spilled material in water. Then immediately use solution as directed.

LIMITED WARRANTY: The Manufacturer warrants that when this Product is stored and used, all in accordance with label directions, that it will be fit for its intended purpose. No other express warranties concerning this product are being made, and any implied warranties as a matter of law shall not exceed the duration of this limited warranty. If this Product fails to conform to this Limited Warranty, the Manufacturer will refund your purchase price or furnish you with replacement product, whichever you prefer. This is the Manufacturer’s sole liability and is in lieu of any direct, indirect, special or consequential damages. To make a claim under this Limited Warranty, contact the store where you purchased this Product. This Limited Warranty gives you specific legal rights, and you may also have other legal rights which vary from state to state. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you. Some states do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you.
