DIRECTIONS FOR USE

1. USE ONLY ON DOGS. Do not use on cats or other animals.
2. Remove applicator from package.
3. The dog should be standing in a comfortable position for easy application.
4. Holding the applicator upright, place thumb and index finger around the applicator tip under the large disk. With other hand, grip the stem of applicator tip above small disk. Press down firmly on small disk until both disks meet, forming the seal. (See illustration.)
5. Using the lip of the applicator, part the hair between the shoulder blades and slowly apply the product (as shown below) directly onto the skin until the applicator tube is completely empty. Avoid superficial application to the animal's hair.

For dogs weighing between 1.5-20 lbs, apply the product to 1 spot, as shown.

For dogs weighing between 21-55 lbs, apply the product evenly to 2 spots along the dog's back, beginning between the shoulder blades and continuing in the order shown in the diagram.

For dogs weighing 56-100 lbs, apply the product evenly to 4 spots on the dog's back, beginning between the shoulder blades and continuing in the order shown in the diagram.

6. Discard empty applicator tube as outlined in the storage and disposal section.
7. For treatment, control and prevention of fleas, flea eggs, flea larvae and flea pupae, year-round treatment is recommended.

STORAGE AND DISPOSAL

Do not contaminate water, roof or feed by storage or disposal. Store in a cool, dry place. Protect from freezing.

Disposal: If empty, do not reuse the container. Place in trash or offer for recycling if available. If partially filled, call your local solid waste agency for disposal instructions. Never place unused products down any indoor or outdoor drains.
