KICKER PRO

Water Conditioning and Drift Control Agent

Principal Functioning Agents
Ammonium sulfate, glycerol, phosphoric acid..........................35.0%
Constituents ineffective as spray adjuvants..............................65.0%
Total........................................100.0%

Exempt from a tolerance as specified in 40 CFR 180.

Caution
Keep out of reach of children

Precautionary Statement
CAUTION-Hazards to Humans and Domestic Animals. Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with skin, eyes or clothing. Avoid breathing spray mist. Do not get in eyes. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or smoking tobacco. Remove and wash contaminated clothing before reuse.

Personal Protective Equipment: Wear chemical-resistant gloves, long-sleeved shirt and long pants, shoes plus socks when mixing or applying Kicker Pro.

First Aid
Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment.
If Swallowed: Call a poison control center or doctor immediately for treatment advice. Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.
If in Eyes: Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for further treatment advice.
If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice.

See container for precautionary statements and use directions.

Net Contents:
2.5 Gallons (9.463 Liters)
2 x 2.5 Gallons (18.92 Liters)
DIRECTIONS FOR USE
Kicker Pro is intended for use with products registered for agricultural, horticultural, turf, ornamental, industrial, and non-crop use. Kicker Pro should be added to the diluted spray solution prior to the addition of any pesticides.

Ground and Air Rates:
Normal Use: 2 to 3 quarts per 100 gallons of water
Hard Water: 3 quarts per 100 gallons of water

Kicker Pro contains the equivalent of 2 pounds ammonium sulfate per gallon.

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage or disposal.

Storage: Keep this container tightly closed. Store in original container. Do not allow water or other chemicals to be introduced into contents of container. Do not contaminate water sources with equipment washwater, spray disposal wastes or by cleaning of equipment. Do not store near feed or food products. Do not use or store near open flame.

Disposal: Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrcycle.org. Decontaminated containers may also be disposed of in a sanitary landfill.

NOTE: No product will provide 100% control of harmful spray drift. The efficacy of Kicker Pro and the effects of the spray application may be affected by various environmental factors and the condition and operation of the spray equipment. Periodic calibration of spray equipment and visual inspection of the spray application may necessitate an adjustment of the adjuvant rate.

When used according to the Directions For Use, Kicker Pro is compatible with most pesticides and fertilizers.

Kicker Pro technology has been tested on several transgenic crop varieties with no negative effects, and can be considered safe for use on transgenic crops.

GENERAL INFORMATION
Kicker Pro contains water conditioning properties and a homogenized deposition agent designed to improve the precision of spray applications and reduce off-target drift. It is suitable for use on both conventional and transgenic crop varieties. When used at labeled rates Kicker Pro will automatically optimize the angle of the spray pattern, as the spray exits the nozzle, to give maximum coverage of target surfaces while minimizing “pattern fringe” which contains the most driftable particles.

Kicker Pro is intended for use as a tank-mix adjuvant where a deposition or drift control agent is required or recommended. Kicker Pro technology has been proven to increase glyphosate activity. This product also contains emulsifiers which may improve absorption of herbicides into leaf surfaces. Kicker Pro also contains buffering and sequestering agents to adjust pH to a neutral range.

Kicker Pro may be used when the pesticide label recommends the use of a deposition aid or drift control agent. It is not intended as substitute for surfactants or crop oil concentrates.

DISCLAIMER OF WARRANTIES
Seller warrants that the chemical composition of this product conforms to the chemical description given on this label. This warranty is expressly in lieu of all other warranties and representations expressed, implied, or statutory, including warranties of merchantability and fitness for a particular use. Timing, rate and method of application, weather and crop conditions, mixtures with chemicals not specifically recommended on this label or an accompanying written recommendation are beyond the control of seller. Buyer assumes all risks of use, storage and handling of this material not in strict accordance with directions given herewith. Buyer further agrees in the event of damage arising from the use of this product to accept a replacement of the product or a refund of the purchase price of the product, at buyer's option, as full discharge of seller's liability. No one is authorized to make any other warranty, guarantee or directions concerning this product, and no such warranties, guarantees or directions shall be valid or binding upon seller.
