PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER: CORROSIVE. Causes irreversible eye damage. Causes skin burns. Do not get in eyes, on skin, or clothing. May be fatal if ingested or inhaled. May irritate skin, eyes or respiratory tract. Use with care. Wear proper personal protective equipment. If exposed or splash occurs, flush eyes and skin with water for an extended period of time. Get medical attention immediately. If swallowed, do not induce vomiting. Administer activated charcoal if available. Wash with soap and water. May be fatal if inhaled or ingested. May cause permanent injury or death. If swallowed, do not induce vomiting. Get medical attention immediately. Do not induce vomiting. If swallowed, rinse mouth and give 1-2 glasses of water. Do not use or refill this container. If skin comes into contact with product, wash with soap and water. If eyes come into contact with product, flush with water for at least 15 minutes. If inhaled, remove from inhalation source and get medical attention immediately. If inhaled, get medical attention immediately.

PHYSICAL AND CHEMICAL HAZARDS
Strong oxidizing agent. Corrosive. Contact with combustibles may cause fire. Formation of hydrogen may cause rapid decomposition. Generation of large quantities of oxygen and heat. Frequent breathing of large quantities of hydrogen peroxide vapor may cause respiratory irritation. Inhalation of concentrated vapor may cause severe respiratory irritation.

ENVIRONMENTAL HAZARDS
Do not discharge effluent containing this product into oceans, lakes, streams, ponds, estuaries or public waters unless the components of this product are specifically identified in a NPDES permit. Do not discharge effluent containing this product into sewer systems without previously notifying the sewage plant authority. For guidance contact your State Water Board or Regional Office of the U.S. Environmental Protection Agency. This product is toxic to birds, fish and aqueous invertebrates.

STORAGE AND DISPOSAL
DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL

STORAGE: Store in original vented container in a dry location away from heat and out of direct sunlight. Product should be kept cool and ventilated to avoid any decomposition. In case of fire involving product, use water. In case of large quantities of spilled material, dilute with sand or earth. Dilute with large quantities of water.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinse is a violation of Federal law. For additional information, refer to the product Material Safety Data Sheet. Containers less than 5 gallons: Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds. Fill the container ⅓ full with water and recap. Shake for 10 seconds. Pour rinse into application equipment or a mix tank or store rinse for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two or more times. Containers greater than 5 gallons: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container ⅓ full with water and recap. Shake for 10 seconds. Pour rinse into application equipment or a mix tank or store rinse for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two or more times. For containers for recycling or reconditioning, puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

CONTAINERS Greater Than 5 Gallons: Nonrefillable container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinse into application equipment or a mix tank or store rinse for later use or disposal. Repeat this procedure two or more times. Offer containers for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

This product is not for use as a sterilant on medical devices.

For technical assistance on using this product for this application, contact the aseptic packaging equipment manufacturer, supplier or SOLVAY CHEMICALS, INC. at 713-625-6500.
