This product is a phosphate-free, pH neutral formulation designed to provide mildewstat on hard, nonporous, inanimate surfaces.

- To disinfect inanimate, hard, nonporous surfaces, such as to wet all surfaces thoroughly. Allow to remain on the surface to remain wet for 10 minutes, then remove excess liquid. Kills HIV-1, HIV-2, HBV, and HCV. From the presence of organic soil (5% blood serum). This product is effective on spore-forming microorganisms, fungus, yeast, bacteria, and viral agents.

- Fungicidal activity - this product is fungicidal against the pathogenic fungi, Trichophyton mentagrophytes and other forms of fungus. It is fungicidal against the following fungi: C. albicans, C. krusei, C. glabrata, C. parapsilosis, C. tropicalis, C. lusitaniae, C. guilliermondii, C. rugosa, C. utilis, C. neoformans, C. pseudotropicalis, Malassezia furfur, Blastomyces dermatitidis, Candida parapsilosis, Cryptococcus neoformans, Cryptococcus gattii, Histoplasma capsulatum, and Coccidioides immitis. This product is fungicidal against resistant Acinetobacter baumannii. Gentamicin resistant Acinetobacter baumannii, Tobramycin resistant Acinetobacter baumannii, Ciprofloxacin resistant Acinetobacter baumannii.

- This product demonstrates effective disinfectant activity against the organisms: Pseudomonas aeruginosa PRD-10, Salmonella (choleraesuis) enterica, Pseudorabies, Bovine Rhinotracheitis, Feline Leukemia, Feline Picornavirus, Avian Influenza A Virus, Porcine Respiratory Coronavirus (ATCC VR-740, Strain 229E), SARS Associated Coronavirus, Type 2 (genital), Influenza A2/Hong Kong, Vaccinia, Rotavirus, Human Herpes simplex virus Type 1, Varicella Zoster virus, Canine Distemper Virus, Human Strongyloides stercoralis, Human Trichinellosis, Human Rabies, Texas Pigeon Zeppel, Human Brucellosis, Human Toxoplasmosis, Human Leptospirosis, Human Salmonella, Human Hepatitis A, Human Hepatitis B virus (HBV), Human Hepatitis C virus (HCV), Human Kaposi's sarcoma-associated herpesvirus, Human Herpesvirus 8, Human Human Immunodeficiency Virus Type 1 or Type 2.

- Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes are disposed of improperly, they are subject to environmental control, pollution control, hazardous waste disposal, and pesticide regulations. This product contains mildly hazardous pesticides only. The product is non-refillable. Do not reuse or refill this container. After rinsing container, offer empty metal containers to a recycler or return to Spartan for proper disposal.

- **Hazards to Humans and Domestic Animals:**

  - **Precautionary Statements:**
    - **Risk Group:** A.**
    - **Signal Word:** Warning.
    - **Danger:** Do not contaminate water, food, or feed by storage or disposal. If inhaled: Move person to fresh air. If person is not breathing, call 911 or doctor. If breathing is normal, keep person quiet. If breathing is difficult, give artificial respiration. If skin is exposed, wash with soap and water. If swallowed, call a poison control center or doctor immediately. Have person sip a glass of water if able to swallow. Do not induce vomiting. If eye is exposed, flush with water for 15-20 minutes. Keep person warm and comfortable. If眼is exposed, flush with water for 15-20 minutes. Keep person warm and comfortable.
    - **First Aid Measures:**
      - **Inhalation:** Move person to fresh air. If necessary, give artificial respiration. If skin is exposed, wash with soap and water. If eye is exposed, flush with water for 15-20 minutes. Keep person warm and comfortable.
      - **Ingestion:** Call a poison control center or doctor immediately. Have person sip a glass of water if able to swallow. Do not induce vomiting. If eye is exposed, flush with water for 15-20 minutes. Keep person warm and comfortable.
      - **Other Ingestion:** Call a poison control center or doctor immediately. Have person sip a glass of water if able to swallow. Do not induce vomiting. If eye is exposed, flush with water for 15-20 minutes. Keep person warm and comfortable.
      - **Special Handling and Disposal:**
        - **Methods to Avoid:** Do not contaminate water, food, or feed by storage or disposal. If inhaled, move person to fresh air. If necessary, give artificial respiration. If skin is exposed, wash with soap and water. If eye is exposed, flush with water for 15-20 minutes. Keep person warm and comfortable. If swallowed, call a poison control center or doctor immediately. Have person sip a glass of water if able to swallow. Do not induce vomiting. If eye is exposed, flush with water for 15-20 minutes. Keep person warm and comfortable.

- **Storage and Disposal:**

  - **STORAGE AND DISPOSAL:**
    - **KEEP OUT OF REACH OF CHILDREN:**
    - **DANGER:** Do not contaminate water, food, or feed by storage or disposal. If inhaled, move person to fresh air. If necessary, give artificial respiration. If skin is exposed, wash with soap and water. If eye is exposed, flush with water for 15-20 minutes. Keep person warm and comfortable. If swallowed, call a poison control center or doctor immediately. Have person sip a glass of water if able to swallow. Do not induce vomiting. If eye is exposed, flush with water for 15-20 minutes. Keep person warm and comfortable.

- **Compatibility:**

  - **Compatibility:** This product is compatible with surfaces that can be cleaned with a neutral pH cleaner.

- **Precautionary Statements:**
