VEGETABLES (As a Fungicide)

For control of Powdery Mildew on Beans, Peas, Broccoli, Brussels Sprouts, Cabbage, Cauliflower. For control of Rust on Beans and Peas. Begin applications at first sign of disease. Repeat applications at 7-10 day intervals. NOTE: Sulfur may injure certain varieties of Beans.

FRUITS (As a Fungicide and Insecticide)

APPLE, PEAR: For Powdery Mildew and Scab. Reduce dosage to 1 tablespoon per gallon of water if hot weather threatens. For Disease Control on Apples apply from pre-bloom through cover periods. For Pears apply at prebloom, bloom, petal fall and cover period. PEACH: For Brown Rot, Scab. Apply in pink, bloom, shock, cover and pre-harvest sprays. CHERRY: For Brown Rot, Leaf Spot. Apply in pink, bloom, petal fall, shock, cover and pre-harvest sprays. PLUM, PRUNES: For Brown Rot, Leaf Spot. Apply in pink, bloom, shock, cover and pre-harvest sprays. CITRUS: For Brown Rot. Apply according to State recommendations. For Rust Mite, Thrips, Red Spider Mites, Two-spotted Spider Mites. Begin applications at first signs of damage and repeat as necessary. Rust Mites should be controlled at all times of the year in order to prevent damage from fruit and grape spot mites.

COMMON CHAMOMILE CONTROL

For control of Chiggers In The Yard, dust over the entire Lawn, Flower Garden, Shrubs and any place the Chigger may be hiding. This should be done a day or two before protection is desired and should be repeated at weekly intervals. 4 lbs. will cover from 1,500 to 2,000 square feet.

IMPORTANT: Do not use within 2 weeks of an Oil Spray treatment, on Citrus within 3 to 4 weeks. Use only according to State recommendations. Sulfur may burn foliage when temperatures are high (90°-95°).

3. HERE ARE THE RESULTS YOU MAY EXPECT

When used as directed, this product will provide effective and economical control of listed Diseases and Insects and thus promote healthy, lush growth.

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Keep out of reach of children and pets. Store in original containers only. Store in cool, dry place and avoid excess heat. PESTICIDE DISPOSAL: If empty - Non-refillable container. Do not reuse or fill this container. Place in trash or offer for recycling if available. If container is not empty - Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
