DIRECTIONS FOR USE
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

COMMERCIAL AND INSTITUTIONAL LAUNDRY USE
For residual bactericidal activity against gram negative and/or gram positive odor-causing bacteria, residual self-sanitizing activity against Klebsiella pneumoniae and Staphylococcus aureus, use this product as directed.

Initial Treatment: Use 2 ounces of this product per 100 pounds of fabric, dry weight. Dilute the approximate amount of this product in one to two gallons of water then add this solution to the wash wheel at the beginning of the final rinse cycle. A minimum rinse cycle time of 5 minutes is required.

Repeat Treatment: Follow Initial Treatment directions and re-treat fabric after each washing or if odor persists.

LAUNDRY BACTEROISTAT FOR COMMERCIAL, INDUSTRIAL, AND NON-INSTITUTIONAL LAUNDRY APPLICATIONS: This product provides the fabric with residual bactericidal activity against odor causing gram-negative and gram-positive bacteria when added to the final rinse at a rate of 2 ounces per 100 lbs. of dry laundry. This product was evaluated against Corynobaacterium ammoniagenes, Klebsiella pneumoniae, Staphylococcus aureus.

LAUNDRY SANITIZING DIRECTIONS FOR USE: For sanitizing step, fill washer to low water level with minimum temperature water of 95°F. Using an appropriate Washing Systems dispenser, inject this product into the sanitizing rinse step at the rate of 2.4 ounces per 100 lbs. of dry laundry. Treat the laundry for a minimum of 5 minutes at a minimum temperature of 95°F. Other laundry additives, such as fabric softeners, fabric softeners, starch and sizing must be used per manufacturer’s instructions in subsequent rinse cycles after the sanitizing rinse cycle. When added at the rate of 3.4 ounces per 100 lbs. of dry laundry, this formulation provides sanitization against Staphylococcus aureus, Klebsiella pneumoniae, Pseudomonas aeruginosa, and Methicillin-resistant Staphylococcus aureus - MRSA and is effective against HIV. This product is effective in rinse water up to 205 ppm hard water.

DO NOT USE IN THE PRESENCE OF, OR MIX WITH OTHER CHEMICALS.
KILLS HIV-1 ON LAUNDRY IN COMMERCIAL, INDUSTRIAL AND INSTITUTIONAL APPLICATIONS: This product provides unaided activity against HIV-1 on non-woven fabrics. Do not prewash or presoak with a 10-minute contact time followed by normal washing in detergent and rinsing at a rate of 2.4 ounces of this product per 100 lbs. of dry laundry in water hardness of 400 ppm.

PRESEERVATION AGAINST MILDEW BY SANDING: Use 2 ounces of this product per 100 pounds of fabric, dry weight. A minimum soaking time of 5 minutes is required. Not for use in California

NON-FOOD CONTACT SANITIZING PERFORMANCE: At 5 ounces of this product per 25 gallons of water use-level or equivalent use dilution, this product is an effective one-step sanitizer with a 3-minute contact time against the following on hard non-porous surfaces: Staphylococcus aureus, Klebsiella pneumoniae.

NATURAL REPARATION OF NON-FOOD CONTACT SANITIZER USE SOLUTION: For heavily soiled areas, a preliminary cleaning is required. Mix 0.20-ounces of this product with 5 gallons of water (or equivalent use dilution). Apply sanitizer to solution to hard, non-porous non-food contact surfaces with a brush, cloth, mop, sponge, auto scrubber, mechanical spray device, commercial spray device, or by immersion so as to thoroughly wet surface to be sanitized. For sprayer applications, spray 8-9 inches from surface. Do not spray upholstery, fabric, or sponge. Treated surfaces shall remain wet for 3 minutes. Wipe up excess liquid with a paper towel. Change cloth, sponge or towels frequently to avoid redeposition of soil. Prepare a fresh solution at least daily or when use solution becomes visibly soiled.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER. Keep Out of Reach of Children. Corrosive. Causes irreversible eye damage and skin burns. Harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing spray mist. Do not get in eyes, on skin or on clothing. Wear protective face shield and rubber gloves and protective clothing when handling. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.

ENVIRONMENTAL HAZARD
This pesticide is toxic to fish and aquatic invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARDS
Do not use or store near heat or open flame. Do not mix with oxidizers, anionic soaps and detergents.

STORAGE AND DISPOSAL
Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE: Open dumping is prohibited. Store only in original container. Do not reuse empty container. If a leaky container must be contained within another, mark the outer container to identify the contents. Store pesticides away from food, pet food, feed, seed, fertilizers, and veterinary supplies. Keep this product under locked storage sufficient to make it inaccessible to children or persons unfamiliar with its proper use. PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance. Before discarding, make sure the container is clean and contains no residues of the pesticide. Do not reuse this container to hold materials other than pesticides or diluted pesticides. Offer for recycling if available or puncture and dispose in a sanitary landfill, or by other procedures approved by state and local authorities. If rinsate cannot be used, follow pesticide disposal instructions. RESIDUE REMOVAL INSTRUCTIONS FOR containers: 5 gallons: Double rinse container promptly after emptying. Triple rinse as follows: Fill the container ¼ full with water and recap. Shake for 10 seconds. Follow Pesticide Disposal Instructions for rinsate disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. For containers greater than 5 gallons: To clean the container before final disposal, triple rinse as follows: Fill the container ¼ full with water. Tip container on its side and roll it back and forth, ensuring all one complete revolution for 3 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Follow Pesticide Disposal instructions for rinsate disposal. Repeat this procedure two more times.
