PERSONAL PROTECTIVE EQUIPMENT (PPE)

Applicators and other handlers must wear long-sleeved shirt and long pants, chemical-resistant gloves, and shoe plus socks. Follow manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

ENGINEERING CONTROLS STATEMENT

When handling closed systems, enclose bags, or aircraft in a manner that meets the requirements listed in the Worker Protection Standard (WPS) for agricultural pesticides (40 CFR 170.240(c)(4-6)). The handler PPE requirements may be reduced or modified as specified in the WPS.

USER SAFETY RECOMMENDATIONS

Users should:
- Wash hands before eating, drinking, chewing gum, using tobacco or touching the face.
- Remove contaminated clothing and wash or replace.
- Remove PPE immediately after handling this product.
- Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean gloves.

ENVIRONMENTAL HAZARDS

Do not apply directly to water or to areas where surface water is present or to intermittent areas below the mean high water mark. Do not contaminate water when disposing of equipment washwater or rinsates.

GROUND WATER ADVISORY: Fluridol has properties and characteristics associated with chemicals detected in ground water. This chemical may leach into ground water if used in areas where soils are permeable, particularly where the water table is shallow.

SURFACE WATER ADVISORY: This product may impact surface water quality due to runoff of rain water. This is especially true for poorly draining soils and soils with shallow ground water. This product is classified as having a high potential for reaching surface water via runoff for several months or more after application.

AGRICULTURAL USE REQUIREMENTS

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR 170. This Standard contains requirements for the protection of agricultural workers on farms, forests, vineyards, and greenhouses, and handlers of agricultural pesticides. All users and handlers must comply with all of the requirements in this Statement unless exempted by the Worker Protection Standard.

If you have questions about the applicability of the Worker Protection Standard to your operation, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Non-recyclable containers. Do not reuse or refill this container. Offer for recycling if available or provide owner of this product with instructions for proper disposal of the container.

STORAGE AND DISPOSAL

Storage must be provided in a cool, dry area. Do not store container in or on water好玩，造成 flute录音。
### CROP USE DIRECTIONS

Use Directions for Apples

<table>
<thead>
<tr>
<th>Disease</th>
<th>Use Rate Per Acre (lb)</th>
<th>Use Rate Per 100 Gallons of Water (lb)</th>
<th>Application Directions</th>
<th>Minimum Retention Interval</th>
</tr>
</thead>
</table>
| Scab | 1 lb | 2 lb | 13 | 2 to 3 times per year for severe infestations. | 14 days through political tillage 
| | | | | | 1 to 3 weeks after last spray. |
| | 8 to 12 | 2 to 3 | 2 to 3 times per year for moderate infestations. | 14 days through cultural practices. 
| | | | | | 2 to 3 weeks after last spray. |
| | | | | | Restrictions: Apply at a minimum spray volume of 25 gallons/acre. Do not apply more than 25 feet across per acre per season. Do not apply more than 1 applications of TOPGUARD per growing season. No single application may exceed 13 lb/A.
| | | | | | Preharvest Interval: Do not apply within 14 days of harvest. |

Compatibility Test: Use a quart jar, add the proportionate amounts of the products to approximately one-quarter of water with agitation. Add wettable powders and water dispersible granular products first, then liquid flowables, then emulsion concentrates, and last liquid solution products. After thorough mixing, allow this mixture to stand for 5 minutes. If the combination remains mixed or can be readily removed, it is physically compatible. Once compatibility has been proven, use the same procedure for adding products to the spray tank. Use tank-mix combinations on a small number of plants before treating larger areas.

**TOPGUARD** is a systemic fungicide and does not necessitate an adjuvant. Adjust application equipment to apply a uniform spray to the entire tree foliage. If the foliage is dense, thin the canopy to allow a uniform application of the product.

**TOPGUARD** is considered to be compatible with the applications of the following: 
- Fungicides
- Adjuvants
- Insecticides
- Miticides
- Herbicides
- Bactericides

**LIMITATION OF REMEDIES**

To the extent consistent with applicable law, the exclusive remedy for losses or damages resulting from this product (including claims based on contract, negligence, strict liability, or other legal theories), shall be limited to one of the following, at Cheminova’s election:
- (1) Refund of purchase price paid by buyer or user for product purchased, or
- (2) Replacement of product used.

To the extent consistent with applicable law, Cheminova shall not be liable for consequential, incidental, or special damages or losses.

The terms of the Warranty Disclaimer above and this Limitation of Remedies cannot be varied by any written or verbal statements or agreements. No employee or sales agent of Cheminova or the Seller is authorized to vary or exceed the terms of the Warranty Disclaimer or this Limitation of Remedies in any manner.

**WARRANTY DISCLAIMER**

Cheminova warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the label when used in strict accordance with the directions, subject to the inherent risks set forth below. To THE EXTENT CONSISTENT WITH APPLICABLE LAW, CHEMINOVA MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ANY OTHER EXPRESS OR IMPLIED WARRANTY.

**INHERENT RISKS OF USE**

It is impossible to eliminate all risks associated with use of this product. Crop injury, lack of performance, or other unintended consequences may result because of such factors as use of the product contrary to label instructions (including conditions noted on the label, such as unfavorable temperatures, soil conditions, etc.), abnormal conditions such as excessive rainfall, drought, tomatoes, hurricanes, presence of other materials, the manner of application, or other factors, all of which are beyond the control of Cheminova or the Seller. All such risks shall be assumed by Buyer and User. Buyer and User agree to hold Cheminova and the Seller harmless for any claims related to such factors.

**KEEP OUT OF REACH OF CHILDREN**

If used in accordance with the label, this product is safe for use as directed. This product was not formulated to be used on or about food or food-producing plants. However, it is not known to be toxic to beneficial insects or birds. See the directions for use on the label for specific information on use around food and food-producing areas.

**ACTIVE INGREDIENT:**

**TOPGUARD**

**INGREDIENTS:**

**KEEP OUT OF REACH OF CHILDREN CAUTION**

Si usado con el estómago en frío, puede causar daños para los oídos. 

**USE AS DIRECTED auf:**

See FIRST AID, PRECAUTIONARY STATEMENTS AND DIRECTIONS FOR USE in booklet. 

**CAUTION:**

Read the entire DIRECTIONS FOR USE and CONDITIONS OF SALE and Limitation of Warranty and Liability before using or using this product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.
