Bacteriostatic Water Cartridge

The HaloPure Bacteriostatic Water Cartridge is a bacteriostatic water treatment cartridge for use in drinking water devices such as reverse osmosis units, drinking water conditioners, coolers, and filters. The Cartridge is only for use in drinking water treatment devices that treat potable water or Municipal water treated in accordance with the Safe Drinking Water Act. This product is not designed to treat salt water, waste water, or raw, untreated water, and is not a drinking water purifier.

The Cartridge removes objectionable tastes and odors from drinking water. The Cartridge inhibits spoilage and the growth of odor-causing bacteria in a device filter to prolong the life of the filter. The Cartridge inhibits the growth of non-public health bacteria within the water system, filter, lines, and reservoir or other in-line container. The Cartridge inhibits bacterial re-contamination and keeps water fresh for storage by inhibiting bacterial fouling.

PRECAUTIONARY STATEMENTS
HAZARDOUS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Corrosive. Causes irreversible eye damage. Do not get in eyes or on clothing. Wear goggles or face shield. Harmful if swallowed or inhaled. Avoid breathing dust or vapors. Avoid contact with skin or clothing. Wear long sleeved shirt, pants, socks and shoes. Wear chemically resistant gloves such as latex gloves when handling product or opened container. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS
Bromine is toxic to fish and wildlife. Do not discharge effluent containing this active ingredient into lakes, streams, ponds, estuaries, oceans or other public water unless in accordance with the requirements of a National Pollution Discharge Elimination System permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the sewage treatment plant authority. For further guidance, contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To install the Cartridge, remove from packaging and place the Cartridge in-line in the drinking water treatment system. To inhibit bacterial fouling of the filter, place the HaloPure Cartridge up-stream of the filter. To keep water fresh in the water storage reservoir and inhibit bacterial fouling of the container, place the cartridge up-stream of the reservoir. Ensure the flow of water in the system corresponds to the flow direction arrows on the cartridge.

In reverse osmosis units, the cartridge is effective for either 3000 liters or 1 year, after which the cartridge must be replaced. In all other water treatment devices, the cartridge is effective for 1500 liters or 6 months, after which the cartridge must be replaced.

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage or disposal. Wastes resulting from the use of this product must be disposed of onsite or at an approved waste disposal facility.
PESTICIDE STORAGE: Store in a cool, dry place. Keep pesticide container closed when not in use. Avoid contact with strong oxidizing agents and other chemicals. Avoid excessive heat.
PESTICIDE DISPOSAL: Securely wrap media and dispose onsite, in a sanitary landfill, or by other approved state and local procedures. Nonrefillable container. Do not reuse or refill this container
DO NOT incinerate bead media.

WARRANTY
Seller warrants that this product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with label directions under normal conditions of use, but neither this warranty nor any other warranty of MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to Seller, and Buyer assumes the risk of any such use.
