This product can be used as a disinfectant in the following areas: Bathrooms, kitchens, day care centers, nurseries, athletic facilities, airports, cruise ships, casinos, office buildings, colleges, correctional facilities, dressing rooms, health clubs, factories, food service establishments, lodging establishments, institutional facilities, laboratories, locker rooms, public facilities, public restrooms, retail facilities, schools, showers and bathtubs, buses, trains, theaters, universities, and warehouses. This product can be used in the following hospital/hospice care settings: dental offices, health care facilities, hotels, medical offices, and nursing homes.

This product is a quaternary ammonium chloride disinfectant cleaner containing hydrogen peroxide stabilized with phosphoric acid and an amine oxide surfactant to aid cleaning.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product contains hydrogen peroxide. This product must not be mixed or stored with products containing ammonia and bleach, or other reducing and oxidizing agents.

Contact with metals, metal ions, wood dust, or wood shavings may cause product decomposition.

This product is not for use on orifices or semi-critical medical device surfaces.

**Bactericidal Activity:** When used as directed at 2 ozs. per gallon of water (1:24), Suprox-D exhibits effective disinfectant activity against: Pseudomonas aeruginosa (ATCC 15692), Staphylococcus aureus (ATCC 25923), Salmonella (Choleraesuis) enterica (Salmonella) (ATCC 10706), Methicillin resistant Staphylococcus aureus (MRSA) (ATCC 39212), Pseudomonas aeruginosa (CA-MRSA), Staphylococcus aureus (MRSA), Escherichia coli (ATCC 11229), Escherichia coli 0157:H7 (ATCC 43895) at 10 minutes contact time.

**Virucidal Activity:** When used as directed at 2 ozs. per gallon of water (1:24), Suprox-D is effective against influenza A (ATCC VR-656) with a 10 minute contact time and Human Immunodeficiency Virus type 1 (Strain H91111) (HIV-1) with a 1 minute contact time.

**This product kills HIV-1 in 1 minute on pre-cleaned environmental surfaces/objects previously soiled with blood/body fluids in settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or bodily fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of Human Immunodeficiency Virus type 1 (HIV-1) (associated with AIDS).**

**SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1 ON SURFACES/OBJECTS SOILED WITH BLOOD/BODY FLUIDS.**

**Personal Protection:** Disposable protective gloves, gowns, face masks, or eye coverings as appropriate must be worn during all cleaning of body fluids, blood and decontamination procedures.

**Cleansing Procedures:** Blood and body fluids must be thoroughly cleaned from surfaces and objects before application of this product.

**Contact Time:** Allow surfaces to remain wet for 1 minute to kill HIV-1 and 10 minutes for all other bacteria and viruses claimed.

**Disposal of Infectious Material:** Blood and other body fluids must not be autoclaved and disposed of in accordance with Federal, State and local regulations for infectious waste disposal.
SUPROX-D IS AN EFFECTIVE BACTERICIDE AND VIRUCIDE WHEN DILUTED IN HARD WATER UP TO A MAXIMUM OF 200 PPM HARDNESS (AS CaCO3) IN THE PRESENCE OF ORGANIC SOIL LOAD (5% BLOOD SERUM).

DISINFECTING, CLEANING AND DEODORIZING DIRECTIONS: To disinfect hard non-porous hardmate surfaces, dilute 2 ozs. of concentrate per gallon of water (1:34 dilution). Remove heavy soil deposits from surfaces. Apply to surfaces using a cloth, mop, sponge, or coarse trigger spray. Spray 6-8 inches from surface to be treated, thoroughly wetting the surface. Allow surface to remain wet for 10 minutes. Rub with brush, sponge, or cloth. Do not use spray. Wipe area with a clean cloth or allow to air dry.

DISINFECTING TOILET BOWLS AND URINALS: Swab bowl with brush to remove heavy soil prior to cleaning or disinfecting. Clean by applying use-solution around the bowl and up under the rim. Stubborn stains may require brushing. To disinfect, first remove or erupt the residual bowl water over the inner trap. Thoroughly wet the bowl and inlet surfaces with a use-solution of 2 ozs. per gallon of water (1:34 dilution). Swab the bowl completely using a scrub brush or mop, making sure to get under rim. Let stand for 10 minutes. Rinse by flushing.

CLEANING DEODORIZING DIRECTIONS: For cleaning and deodorizing use 2 ozs. of concentrate per gallon of water (1:34). Cleaning may be accomplished with a clean mop, sponge, squeegee, vacuum system or a trigger spraying device. Spray 6-8 inches from the surface to be treated, thoroughly wetting the surface. After cleaning, remove suspended solids with a clean water rinse, vacuum pick up, or by wiping with a clean mop, sponge, squeegee, or cloth or allow to air dry. Do not breathe spray.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER

Corrosive. Causes irreversible eye damage and skin burns. Harmful if swallowed or inhaled. Do not get in eyes, on skin or on clothing. Wear eye protection (goggles, safety glasses with side shields, or face shield). Wear coveralls worn over long-sleeved shirts and long pants, chemical resistant gloves, socks, and chemical resistant footwear. Avoid contamination of food. Wash thoroughly with soap and water after handling and before eating, drinking, smoking, or using the toilet.

Remove contaminated clothing and wash clothing before reuse.

PHYSICAL OR CHEMICAL HAZARDS

Combustible. This product contains an oxidizer. Do not store near heat, flame, or in direct sunlight. Avoid storage at elevated temperatures. Do not store near wood shingles, dust or similar combustible materials.

STORAGE AND DISPOSAL

DO NOT CONTAMINATE WATER, FOOD, OR PEEF BY STORAGE OR DISPOSAL.

CONTAINER STORAGE: Keep product under locked storage, inaccessible to children.

CONTAINER DISPOSAL: Nonrefillable container. Do not reuse empty container. Wrap in newspaper and discard in trash. Offer for recycling if available.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticides, spray mixture, or drain is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State pestcide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

SIDE: Z OF Z
This product can be used on the following washable, hard, inanimate, non-porous surfaces:

- Aluminum
- Bathroom fixtures - **NOTE: DO NOT USE ON BRASS**
- Bathtubs
- Cabinets
- Ceilings
- Chairs
- Chrome
- Counters
- Desks
- Doorknobs - **NOTE: DO NOT USE ON BRASS**
- Faucets - **NOTE: DO NOT USE ON BRASS**
- Foot spas
- Garbage cans
- Highchairs
- Mirrors
- Showers
- Shower stalls
- Sinks
- Stainless steel
- Tables
- Toilets
- Toilet bowls
- Tubs (fiberglass)
- Tiles, glazed
- Urinals
- Vinyl
- Walls
- Windows
- Whirlpool baths

and other hard nonporous inanimate surfaces made of: glazed ceramic, glazed porcelain, metal, plastic, sealed stone and stainless steel.

**DISINFECTING and CLEANING OF WHIRLPOOLS AND FOOTBATHS:** To remove body oils, dead tissue, soil and all other buildups or organic matter on inanimate surfaces after using the footbath, drain the water and thoroughly clean all hard, nonporous surfaces with soap or detergent, then rinse with water. Wet surfaces with a use solution of 2 ozs. per gallon of water (1:64 dilution). Apply solution to exposed surfaces with a cloth, mop, sponge or sprayer. For spray applications, use a coarse spray device. Do not breathe spray. Brush or swab thoroughly and allow solution to stand for 10 minutes. After the bath has been thoroughly disinfected, rinse all surfaces with clean fresh water. Whirlpools and footbaths should not be used until treatment has set and dried.

**DISINFECTING FOOD SERVICE ESTABLISHMENT (RESTAURANT) FOOD CONTACT SURFACES:** countertops, appliances, tables, wet the surfaces with a use-solution of 2 ozs. per gallon of water (1:64 dilution). For heavily soiled areas, a pre-cleaning step is required. Apply solution with a cloth, sponge or hand pump trigger sprayer to thoroughly wet all surfaces. Allow surfaces to remain wet for 10 minutes, then remove excess liquid and rinse the surfaces with potable water. Suprox-D cannot be used to clean the following food contact surfaces: utensils, glassware and dishes.

**CARPET CLEANING (SPOTTER):** For coffee as well as other water based stains, apply a small amount of Suprox-D to the stain. Agitate with a bone scraper and let stand for 3-5 minutes. Blot dry and rinse with clean water. Repeat as needed until the stain is completely removed. Always test first in an inconspicuous area. To test: Apply a small amount, press with an absorbent white cloth for 10 seconds and see if there is any dye transfer.

**CARPET CLEANING (PRE-SPRAY):** Dilute at 2 ozs. per gallon of water (1:64 dilution). Let stand for 5-10 minutes. Extract carpet. Allow to dry before allowing foot traffic on carpet.

**GLASS CLEANING:** Dilute 1 oz. of product per gallon of water (1:128 dilution). Spray onto glass surface. Use through a coarse hand pump trigger sprayer device. Do not breathe spray. Wipe dry with an absorbent cloth or towel.
