Use Rhizopon AA to propagate new plants from cuttings. The new plants will have the same characteristics as the parent plant. Rhizopon AA treated cuttings will expect to produce uniform roots all around the basal end of the cuttings; the results are beautiful symmetric plants.

Rhizopon AA #2 is used on herbaceous, greenwood, softwood and hardwood cuttings.

Typical plants propagated using Rhizopon #2 (0.3):

apple (malus sp.), arborvitae, ardisia, azalea var., beech, blueberry, broom, chokeberry, cinquefoil, clematis, crabapple, dahlia, daphne, euonymus, elder, false arborvitae, firethorne, franklinia, fringe tree, gardenia, germander, ginkgo, golden chain, hazelnut, hemlock var., hibiscus, holly Jap., honeysuckle, hydrangea, juniper var., laburnocytisus, lavender, leucothoe, lily scales, magnolia, oleander, osmanthus, pachysandra, periwinkle, petunia, pine var., sequoia, silverbell, springscent, spruce var., wintergreen, wisteria, witch hazel, yellow wood, zelkova.

Ingredients
Active ingredients: indole-3-butyric acid 0.3%
Other ingredients 99.7%
Total 100.0%

Exclusively USA Importer: Hortus USA Corp., NY NY 10011
Made in Holland. EPA Reg No. 63310-20. EPA Est No. 63310-HL-001

Net Wt: 1 lb.
Keep Out Of Reach Of Children

CAUTION
See additional precautionary statements on back panels.
PRECAUTIONARY STATEMENTS
Hazards to humans and domestic animals.

CAUTION
Causes moderate eye injury. Harmful if inhaled or absorbed through the skin. Avoid contact with eyes, skin, ingestion or inhalation. Avoid breathing dust (vapor or spray mist). Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

PERSONAL PROTECTIVE EQUIPMENT
Applicators and other handlers must wear: long sleeve shirt, long pants, shoes, socks and waterproof gloves, and for exposure in enclosed areas or outdoors, dust/mist filtering respirator. (MSHA/NIOH approval number prefix TC-21C) or a NIOSH-approved respirator with any R, P or HE filter.

USER SAFETY RECOMMENDATIONS
Users should: Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

FIRST AID
Classification of Pesticide: Plant Growth Regulator

If in eyes
> Hold eyes open and rinse slowly with water for 15-20 minutes
> Remove contact lenses, if present, after the first 5 minutes then continue rinsing eye
> Call a poison center or a doctor for further treatment or advice

If on skin or clothing
> Take off contaminated clothing
> Rinse skin immediately with plenty of water for 15-20 minutes
> Call a poison center or a doctor for further treatment or advice

If swallowed
> Call a poison center or a doctor for further treatment or advice
> Have person sip water if able to swallow
> Do not induce vomiting unless told to do so by the poison control center or doctor
> Do not give anything by mouth to an unconscious person.

If inhaled
> Move person to fresh air
> If person is not breathing call 911 or an ambulance, then give artificial respiration preferably by mouth to mouth, if possible
> Call a poison center or a doctor for further treatment or advice

NOTE TO PHYSICIAN: May cause minor eye irritation which will last a short time. This product does not contain any petroleum, caustics or active solvent products

Have the product container or label with you when you call a poison control center or doctor or going for treatment. You may call 800-325-3055 or 314-770-0717. 7:30AM-5PM CST Mon-Fri or the National Pesticide Information Center (NPIC) at 1-800-858-7378

You may also call 800-325-3055 or 314-770-0717 for an MSDS. 7:30AM-5PM CST M-F

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with labeling. For any requirements specific to your State or Tribe, consult the agency responsible.

AGRICULTURAL USE REQUIREMENTS
Use this product in accordance with its labeling and with the Worker Protection Standard, 40 CFR 170. This Standard contains requirements for the protection of agricultural workers on farms, forests nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this labeling about personal protective equipment and restricted-entry intervals. The requirements in this box only apply to the uses of this product that are covered by the Worker Protection Standard (WPS). Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.

THE RESTRICTED-ENTRY INTERVAL (REI) FOR THIS PRODUCT IS "0" HOURS.

1. Take plant cuttings, usually 4-6 inch stem cuttings, from the current years growth. For woody cuttings usually wound by making a 3/4 inch notch at basal end.
2. Dip the basal end of the cuttings 3/4-1 inch into the Rhizopon AA powder. Tap off excess powder.
3. Plant the cuttings immediately in moist media. Avoid contact between the powder and foliage and other over ground parts of the stem.
4. Take care of cuttings as appropriate for the plant variety. Control watering, temperature, humidity, light and other environmental factors. Observe and control external factors such as insects and fungus.

Take off a small portion of the powder for your immediate use. Do not contaminate this stock container by returning used portion to this container. Dispose of un-used portion as described in the 'Storage and Disposal' statements on this label.

STORAGE AND DISPOSAL
Do not contaminate water, food, or feed by storage and disposal. Pesticide Storage: Store in a cool dry place. Keep in original container. Pesticide Disposal: Waste resulting from this product may be disposed of on site or at an approved waste disposal facility. Container Disposal: Triple rinse (or equivalent), then offer for recycling, reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

WARRANTY
Warranty is warranted that this product conforms to the chemical description on the label thereof and is reasonably fit for purposes stated on such label only when used in accordance with the directions under normal use conditions. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of application all of which is beyond the control of Rhizopon or Hortus USA Corp. To the extent of the law, Rhizopon or Hortus USA shall not be liable for consequential, special or indirect damages resulting from the use of handling of this product. To the extent of the law, all risks shall be assumed by the buyer. Rhizopon or Hortus USA make no warranties of merchantability or fitness for a particular purpose or other express or implied warranty except as stated above.
