**RHIZOPON®**

**AA #3 (0.8)**

**WHITE POWDER COLOR CODED FOR EASY IDENTIFICATION**

- Plant Growth Regulator-
- Dry Powder Rooting Hormone

**USE TO PROMOTE ROOTING OF PLANT CUTTINGS**

For Rooting House, Foliage, Tropical and Hardy Ornamental Plants;
Leaf, Greenwood and Softwood Cuttings

Use in Greenhouses and Nurseries Only

---

Use Rhizopon AA to propagate new plants from cuttings. The new plants will have the same characteristics as the parent plant. Rhizopon AA treated cuttings will expect to produce uniform roots all around the basal end of the cuttings; the results are beautiful symmetric plants.

Rhizopon AA #3 is used on greenwood, softwood and hardwood cuttings including more difficult to root cuttings.

Typical plants propagated using Rhizopon #3 (0.8):

- acanthropanax, apple (malus sp.), arborvitae, arbutus, azalea var., beauty bush, birch, bittersweet, boxwood, camellia, catalpa, chaste tree, chestnut, choke berry, cotoneaster, crab apple, cryptomeria, dogwood, Douglas fir, escallonia, flowering quince, gardenia, germander, grape, hawthorn, heath, heather, hemlock var., hibiscus, holly (Am., Chin., Eng.), juniper var., knotwood, laurel, lilac, locust, magnolia, manzanita, maple Jap. var., matrimony vine, ninebark, oak, olive, orange (sour), pear rootstocks, pachysandra, pecan, petunia, photinia, pine var., privet, retinospora, rhododendron var., Russian olive, snowbell, sourwood, tulip tree, umbrella pine, yew var.

If inhaled
Move person to fresh air
If person is not breathing call 911 or an ambulance, then give artificial respiration, preferably by mouth to mouth, if possible
Call a poison center or a doctor for further treatment or advice

NOTE TO PHYSICIAN: May cause minor eye irritation which will last a short time. This product does not contain any petroleum, caustics or active solvent products.

ENVIRONMENTAL HAZARDS
For terrestrial uses. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water by cleaning of equipment or disposal of equipment wash waters or rinsates.

AGRICULTURAL USE REQUIREMENTS
Use this product in accordance with its labeling and with the Worker Protection Standard, 40 CFR 170. This Standard contains requirements for the protection of agricultural workers on farms, farmsteads, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this labeling about personal protective equipment and restricted-entry intervals. The requirements in this box only apply to the uses of this product that are covered by the Worker Protection Standard (WPS). Do not apply the product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.

THE RESTRICTED-ENTRY INTERVAL (REI) FOR THIS PRODUCT IS 2 HOURS.

1. Take plant cuttings, usually 4-6 inch stem cuttings, from the current year's growth. For woody cuttings usually wound by making a 3/4 inch notch at basal end.
2. Dip the basal end of the cuttings 3/4-1 inch into the Rhizopon AA powder. Tap off excess powder.
3. Plant the cuttings immediately in moist media. Avoid contact between the powder and foliage and other over ground parts of the stem.
4. Take care of cuttings as appropriate for the plant variety. Control watering, temperature, humidity, light and other environmental factors. Observe and control external factors such as insects and fungus.

Take off a small portion of the powder for your immediate use. Do not contaminate this stock container by returning used portion to this container. Dispose of un-used portion as described in the 'Storage and Disposal' statements on this label.

STORAGE AND DISPOSAL
Do not contaminate water, food, or food or feed by storage and disposal
Pesticide Storage: Store in a cool dry place. Keep in original container.
Pesticide Disposal: Do not dispose of this product in the trash or run down the drain. Dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

WARRANTY
It is warranted that this product conforms to the chemical description on the label thereof and is reasonably fit for purposes stated on such label only when used in accordance with the directions under normal use conditions. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended effects may result from a number of factors, including, but not limited to, improper or inaccurate application, incorrect product use, or misuse of this product. It is not possible to predict all circumstances under which this product may be used. Use of this product may result in crop injury, ineffectiveness or other unintended effects.
