PRECAUTIONARY STATEMENTS
Hazards to Humans & Domestic Animals

CAUTION
Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Do not use in commercial food/feed handling establishments, restaurants or other sites where food/feed is commercially prepared or processed. Not for use in Federal Inspected meat and poultry plants.

ENVIRONMENTAL HAZARDS
This product is toxic to fish, birds and other wildlife. Do not apply directly to water.

FIRST AID
IF SWALLOWED: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

HOT LINE NUMBER: Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For emergency information, call 1-800-331-3148, Monday through Friday, 8:00 am to 4:30 pm EST. After 4:30 pm call your poison control center. For product information call 1-800-321-1362, Monday-Friday, 8:00 am to 5:00 pm EST.

NOTE TO PHYSICIAN: Contains petroleum distillate; vomiting may cause aspiration pneumonia

PHYSICAL OR CHEMICAL HAZARDS
Contents under pressure. Keep away from heat, sparks, and open flames. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Read Entire Label.

For best results, spray in early morning or late evening when insect activity is minimal. Stand a safe distance from the nest and do not directly underneath. [Remove protective cap.] Hold can upright and point spray opening toward nest with wind at your back. Spray until nest is thoroughly saturated to kill the entire nest population. Residual action will kill wasps and hornets returning to the nest. Wait at least 24 hours before removing the nest.

To Kill Wasps, Hornets, Yellow Jackets and Bees under eaves, screened window frames, doors, patios, cracks, holes or crevices wherever insects are noticed. Spray until the surface is just damp, but not to the point of runoff. Avoid excess application. To prevent entrance of insects into the house, spray around points where insects enter such as outside plumbing, faucets, etc., and cracks or crevices in foundation as well as along sills and ledges.

STORAGE & DISPOSAL
Do not contaminate water, food or feed by storage or disposal.

Storage: Do not store near open flame. Store in a cool dry area away from children.

Disposal: Do not puncture or incinerate. If empty: Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency or CHEMTREC 1-800-424-9300 for disposal instructions.
