LIMITED WARRANTY: The manufacturer warrants all material sold by it against defects in the material. The manufacturer's liability under the sale and warranty of this material shall in any case be limited to replacement of material only. The manufacturer makes no other warranty of this product, expressed or implied.

Active Ingredient:
5-(2-chlorophenyl)-3-cyano-4-bromo-5-trifluoroethyl pyrrole(triopyridyl) (1.50%)
Other Ingredients: .......................................................... (97.50%)
Total: ................................................................... (100.00%)
*Contains petroleum distillates, xylene, or xylenes range aromatic solvents.
DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

GENERAL DESCRIPTION: Ablative, self-polishing antifoulant. This product is designed to control barnacles, algae and other marine fouling in salt or fresh water. This product is designed for use on the surfaces of hulls on ships, boats, barges, yachts, or running gear.

Shake vigorously for several minutes with a mechanical paint shaker before use. Due to the settlement in the product, if this product is not properly shaken it will become ineffective.

SHAKE VIGOROUSLY FOR A MINIMUM OF 10 MINUTES BEFORE APPLICATION

PRODUCT INFORMATION
Finish/Sheen: Semi-Gloss
Converter: One Pack
Volume Solids: 50% ± 2%
Mix Ratio: One Pack
Shipping Weight: 12-13 lbs/gal
Flash Point: 100°F
Film Thickness: 6 mils wet equals 2.7 dry per coat
Recommended Coats: 3
Theoretical Coverage: 267 sq.ft./gal. @ recommended film thickness.

APPLICATION DETAILS:
Sweat-In Time: N/A
Thinner: Sea Hawk 2033, 2035
Cleaner: Sea Hawk Xylene 7130

OVERCOATING INTERVALS:
Drying Time (Hrs):

Consult your Sea Hawk Representative for the system best suited for surfaces to be protected.

REGULATORY DATA
VOC: 298 Grams/Liter

Limitations: Apply in good weather when air and surface temperature are above 50°F (10°C). Surface temperatures must be at least 50°F (10°C) above dew point. For optimum application properties, bring material to 70-80°F (21-27°C) temperature range prior to mixing and application. Unmixed material (in closed containers) should be maintained in protected storage between 40-100°F (4-38°C). Prolonged atmospheric exposure of the product may detract from performance. Technical and application data herein is for the purpose of establishing a general guideline for the coating application procedures. See published data sheets for specific application data. As application, environment and design factors can vary significantly, due care should be exercised in the selection, verification of performance and use of coating.

SURFACE PREPARATION: Paint only clean, dry surfaces. Remove all grease, oil, wax, or other foreign material by solvent or detergent washing (SSPC-SPI).

Application: This product can be applied by brush, roller, or spray.

Thinners: We do not recommend thinning. If necessary thin no more than 10% by volume with 2033 or 2035.

Clean Up: Clean all equipment immediately after using with Sea Hawk Xylene 7130.

Safety: Read and observe all precautionary statements on this Label.

STORAGE AND DISPOSAL
Do not contaminate food, feed or water by storage or disposal. Storage: Do not store near open heat or flame. Store in well ventilated area.
Pesticide Disposal: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinse is a violation of Federal Law. If these wastes cannot be disposed of by the use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.
Container Disposal: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

RECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
Corrosive: Causes irreversible eye damage. May be fatal if swallowed. Harmful if inhaled. Do not get in eyes or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Avoid contact with skin, eyes or clothing. Avoid breathing vapor or spray. When handling, wear goggles or face shield, chemically resistant gloves, long sleeved shirt and pants, socks, chemical resistant footwear, and chemically resistant gloves (such as Barrier Laminates, Butyl Rubber, and Nitile Rubber). When mixing, loading, or cleaning equipment, wear chemical-resistant apron. For overhead exposure wear chemical-resistant headgear. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS
This material is toxic to fish. Do not apply directly to water by cleaning of equipment or disposing of wastes. Do not allow chips and dust generated during paint removal to enter water. Dispose of paint debris in an approved landfill. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

PHYSICAL AND CHEMICAL HAZARDS
Combustible. Do not use or store near open flame.

First Aid
If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call poison control center or doctor for treatment advice.
If swallowed: Call a poison control center or doctor immediately for treatment advice. If a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything to an unconscious person.
If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for treatment advice.
If on skin: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

NOTE TO PHYSICIAN: May cause an aspiration pneumonitis hazard. Contains petroleum distillate.
