TO CLEAN AND DISINFECT (DISINFECT/ANTIBACTERIAL):
FUNCTIONAL DIRECTIONS:
Wipe hard non-porous surface with wipe until surface is visibly wet. Allow surface to remain wet for 10 minutes. Let air dry.
If surfaces are extremely dirty, clean first with another wipe before disinfecting.
Discard used wipe in trash. Do not flush in toilet.
Rinse food contact surfaces with clean, potable water after disinfecting. Do not use to disinfect dishes, glassware, or utensils.
Do not use as a duster wipe or for personal cleansing.

For fungicidal activity, Proxen Disinfectant Wipes are an effective fungicide against Trichophyton mentagrophytes in areas such as locker rooms, dressing rooms, shower and bath areas and exercise facilities.

Proxen Disinfectant Wipes are a one-step fungicide.

KILLS HIV and HBV on PRE-CLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS in healthcare settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of Human Immunodeficiency Virus Type 1 (HIV-1) or Hepatitis B Virus (HBV) or Hepatitis C Virus (HCV).

Special Instructions for Cleaning and Decontamination Against HIV-1 or HBV or HCV on Surfaces or Objects Soiled with Blood/Body Fluids:

Personal protection: Clean-up must always be done wearing protective gloves, gowns, masks and eye protection.

Cleaning procedure: Blood and other body fluids containing HIV or HBV or HCV must be thoroughly cleaned from surfaces and objects before application of Proxen Disinfectant Wipes. Proxen Disinfectant Wipes can be used for this purpose.

Contact time: Leave surface wet for 1 minute (60 seconds) for HIV-1 and 10 minutes for HBV and HCV. Use a 10-minute contact time for disinfection against all other viruses, bacteria and fungi claimed.

Disposal of infectious material: Blood, body fluids, cleaning materials and clothing must be autoclaved and disposed of according to local regulations for infectious waste disposal.

This product is for use on hard non-porous surfaces not conducive to treatment by immersion or excess liquid against Avian Influenza A.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Caution: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling.

FIRST AID
If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye.

Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling poison control center or doctor or going for treatment.

STORAGE AND DISPOSAL
Non-flammable. Store in original container in areas inaccessible to children. Keep securely closed. Do not reuse or refill this container. Discard empty container in trash or recycle (if available).
