DIRECTIONS FOR USE  It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Use Restrictions: Only for outdoor use as an insect repellent. Do not use indoors, in tents or any enclosed area. Cover or remove all exposed food. Before lighting, make sure that candle holder has been secured by turning it clockwise until it clicks, and that lantern globe is securely on lantern base. Place lantern on a level, stable surface or use handle to hang from a non-flammable garden hook that has been securely inserted into the ground and confirmed to be stable. Do not cover lantern with any material while in use. Do not move lantern when lit. If hanging lantern from a hook, allow time to cool before removing. To avoid fire hazard, do not place mats, matches or other foreign matter near candle flame. Do not place lantern near underground wires or gas lines. Do not place lantern near combustible material such as dry vegetation, clothing or fuels. Do not leave lantern unattended or use in windy conditions. Never burn candle unattended. Clean with a damp cloth only when the lantern is cool and inactive. Do not use anything other than ThermaCELL® mats and candles in the lantern. Never cut, bend or alter shape of mat. Mats may cause staining; do not let mats contact other surfaces. Failure to follow these instructions could result in personal injury or property damage.

Instructions for Assembling and Using Lantern
1. Remove lantern from base by squeezing latch tabs on lantern bottom and pulling out lantern top.
2. Remove ThermaCELL® repellent mat and candle from refill box.
3. Take ThermaCELL® repellent mat out of wrapper and insert under grill on lantern top.
4. Place candle into candle holder with wick upright.
5. While holding lantern base upright, insert candle and candle holder up through bottom and turn right (clockwise) until candle holder clicks into place. Make sure candle holder clicks into place.
6. Set lantern base down on a level surface and light candle.
7. Replace lantern on the base. Be sure to push down on lantern until it clicks.
8. When finished using lantern, extinguish candle by blowing into grill top.

To Replace Candle and/or Repellent Mat: Replace candle and repellent mat only when lantern is cool and not in use. Remove candle holder from base of lantern by turning left (counterclockwise). Discard used candle. Insert new candle. Use only ThermaCELL® candles. Other candles may not provide correct amount of heat to release repellent optimally, reducing effectiveness. To replace a used repellent mat, push the used repellent mat out by inserting a new mat.

STORAGE AND DISPOSAL:
Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store lantern and unused mats in original packaging in a cool, dry place inaccessible to children and pets.

Pesticide Disposal: Used Mats: Do not reuse empty packaging. Place in trash or offer for recycling if available. Place used mats in trash.

Unused mats: Call your local solid waste agency for disposal instructions. Never place unused mats down any indoor or outdoor drain. Candle: After allowing candle and lantern to cool, remove used candle and place in trash. Retain candle holder for future lantern use. Lantern: Place in trash or offer for recycling, if available.
