KEEP OUT OF REACH OF CHILDREN

CAUTION

For best results to prevent pre-moistened statements.

Notes
Hard Surface Disinfecting Wipes Fresh Scent is formulated to disinfect hard, non-porous, inanimate environmental surfaces such as metal surfaces, stainless steel surfaces, plastic surfaces, and bathrooms.

This product is intended for use in hospitals and healthcare settings, schools, athletic facilities, transportation terminals, grocery stores, shopping centers, daycare centers, institutional kitchens and/or bathrooms, correctional facilities, veterinary clinics.

This product will clean and disinfect hard, non-porous, surfaces of hospital beds, grocery cart handles, computers, countertops, desks, doorknobs, headsets, keyboards, railings, tablecloths, telephones, bathroom faucets, kitchen faucets, and gym equipment.

Directors for Use: It is the violation of Federal Law to use this product in any manner other than that directed on the label.

This product is not to be used as a terminal sterilization/disinfectant on any surface or item that it is intended directly into the human body, either into or on contact with the bloodstream or normally sterile areas of the body, or if it contacts mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. Consult the label for proper use.

Cleaning: Use one wipe to completely remove all loose dirt and debris from surfaces to be treated.

Disinfecting: To disinfect hard, non-porous surfaces, thoroughly wet the surface to be treated. Allow surfaces to air dry.

This product is an effective disinfectant against influenza virus (A/H1N1/2009) and adenovirus, echovirus, respiratory syncytial virus (RSV), parainfluenza virus types 1-3 (H3N2), and norovirus. Influenza virus (A/H1N1/2009) and adenovirus, echovirus, respiratory syncytial virus (RSV), parainfluenza virus types 1-3 (H3N2), and norovirus. Influenza virus (A/H1N1/2009) and adenovirus, echovirus, respiratory syncytial virus (RSV), parainfluenza virus types 1-3 (H3N2), and norovirus.

Precautionary Statements: Hazardous to humans and domestic animals. Caution: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling.

First Aid: Have the product container or label with you when calling a poison control center or doctor or going for treatment.

In Eyes: Hold eyes open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes. Continue rinsing. Call a poison control center or doctor for treatment advice.

Inhalation: Get fresh air. Call a poison control center or doctor for treatment advice.

Ingestion: Do not induce vomiting unless instructed to do so by a poison control center or doctor. Call a poison control center or doctor for treatment advice.

Storage and Disposal: Do not contaminate water, foods, or feed by storage or disposal.

Container Storage/Disposal: Store in an area inaccessible to children.

Wipes: Discard of wipe in trash after use. Do not flush. Container tightly closed lid between uses to retain moisture. Non-flammable container. Do not reuse or refill this container. Offer empty container for recycling if available or discard in trash.

To Open Package: 1: Lift tab at front of lid to open. 2: Pull up corner of center sheat and thread through dispenser slit in lid. 3: Pull out excessed wipe at a 45-degree angle and snap off. The next wipe is ready for dispensing. 4: Close lid to retain moisture. 5: Dispense of used wiper in trash. Do not flush.
