Hard Surface Disinfecting Wipes Lemon Scent is formulated to disinfect hard, non-porous, inanimate, non-food contact surfaces such as metal surfaces, stainless steel surfaces, plastic surfaces, and bathrooms. This product is intended for use in hospitals and healthcare settings, schools, athletic facilities, transportation terminals, grocery stores, shopping centers, day care centers, institutional kitchens and/or bathrooms, correctional facilities, veterinary clinics. This product will clean and disinfect hard, non-porous, surfaces of hospital beds, gown cart handles, computers, countertops, desks, door knobs, headboards, nightstands, railings, bathtubs, telephones, bathroom fixtures, kitchen fixtures, and gym equipment.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

This product is not to be used as a terminal disinfectant on high-touch disinfectable on any surface or instrument that (1) is introduced directly into the human body, either in or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body.

CLEANING: Use one wipe to completely remove all kinds of dirt and debris from surfaces to be treated.

DISINFECTING: To disinfect hard, non-porous surfaces, thoroughly wet the surface to be treated. Treated surfaces must remain visibly wet for 5 minutes. Allow surfaces to air dry.

This product is an effective disinfectant against Staphylococcus aureus (ATCC 25923) and methicillin-resistant Staphylococcus aureus (ATCC 25923). It is effective against E. coli (ATCC 25922), Enterococcus faecalis (ATCC 29212), and Pseudomonas aeruginosa (ATCC 27853), and is effective against the following viruses: Human Immunodeficiency Virus Type 1 (HIV-1), Human Herpes Virus 6 (HHV-6), Human Herpes Virus 7 (HHV-7), Human Herpes Virus 8 (HHV-8), Hepatitis A Virus (HAV), Hepatitis B Virus (HBV), Hepatitis C Virus (HCV), Hepatitis D Virus (HDV), and Hepatitis E Virus (HEV).
