PURISAN

EPA Registration No. 56402-1: 10428
EPA Est. No. 00729-NY-003

For Industrial Use Only

Active Ingredients:
- Peroxacetic acid... 5.1%
- Hydrogen Peroxide... 21.7%
- Imidacloprid... 73.2%
- Total... 100.0%

KEEP OUT OF REACH OF CHILDREN

DANGER PELIGRO

Precautionary Statements

Hazards to Humans and Domestic Animals

Environmental Hazards:
- This pesticide is toxic to birds, mammals, fish and aquatic life. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has notified you in writing of your discharge into a waterway, prior to discharge. Do not drain effluent containing this product to sewer systems without notifying the local waste disposal authority.

FIRST AID

If In Eyes:
- Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye
- Call a poison control center or doctor for treatment advice.

If In Skin or Clothing:
- Remove contaminated clothing and shoes. Wash skin with soap and water.
- If skin is contaminated, wash with soap and water for 15 minutes.
- Call a poison control center or doctor for treatment advice.

If Inhaled:
- Move person to fresh air. If not breathing, give artificial respiration, preferably by mouth-to-mouth if possible.
- Call a poison control center or doctor for further treatment advice.

If Swallowed:
- Do not induce vomiting unless told to do so by a poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

Toxicity:
- Probable mucous membrane damage may cause the use of gastric lavage unsuitable.

Storage and Disposal

STORAGE AND DISPOSAL

NEVER RETURN PURISAN LIQUID SANITIZER AND DISINFECTANT TO THE ORIGINAL CONTAINER AFTER IT HAS BEEN REMOVED.

Avoid all contaminants, especially dirt, caustic, reducing agents, and metal contamination. Contaminated and unclean equipment and utensils will reduce shelf life, storage and induce decomposition. In case of decomposition, isolate container, douse container with cool water and dilute with large volumes of water. Avoid direct contact with container. Keep container closed at all times when not in use. Keep container out of direct sunlight. To maintain product quality, store at temperatures below 80°F. Do not store on wooden pallets.

Procedures for Leak and Spill

Stop leak if this can be done without risk. Shut off ignition sources; no flammable, flaring, sparks, or spark-producing tools. Keep combustible and organic materials away. Flush spilled material with large quantities of water. Liquid material should not enter confined spaces.

Pedestal Disposal

Material has been spilled, an acceptable method of disposal is to dilute with at least 20 volumes of water following discharge into suitable treatment system in accordance with all local, state, and Federal environmental laws, regulations, standards, and other requirements. Because acceptable methods of disposal may vary by location, regulatory agencies should be consulted prior to disposal.

Chemical Spill

Empty drums are not returnable to WESMAC unless special arrangements have been made. Triple rinse drums will be Disposal of drums in accordance with local, state, and Federal regulations. DO NOT REUSE. Return 201 L barrels to WESMAC at Service Center without notice. Do not rinse tanks.
