FOR USE WITH HERBICIDES REGISTERED FOR AGRICULTURAL, INDUSTRIAL,
RIGHTS-OF-WAY, NON-CROPLAND AND OTHER USES

CA Reg. No 2935-50193                                                                          WA Reg. No. 2935-10002

PRINCIPAL FUNCTIONING AGENTS                                                              % BY WT.
  Monocarbamide dihydrogen sulfate, alkoxylated amine ethoxylate,
  propane-1,2,3-triol, alkyl glycol polyoxyethylene and other ingredients......................... 80.00%
CONSTITUENTS INEFFECTIVE AS SPRAY ADJUVANT.................................................................. 20.00%
  Surfactant content................ 28%

100.00%

All ingredients are exempt from the requirements of a tolerance as specified in 40 CFR 180

KEEP OUT OF REACH OF CHILDREN
DANGER – PELIGRO
Si usted no entienda la etiqueta, busque a alguien que sela explique a usted en detalle (If you do not
understand this label, find someone to explain it to you in detail.)

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER: Corrosive. Causes irreversible eye damage. Causes skin burns. Do not get in eyes, on skin or on
clothing. Wear goggles or face shield, long sleeved shirt, long pants, rubber gloves, shoes plus socks. Harmful
if swallowed, absorbed through skin or inhaled. Avoid breathing spray mist. Wash thoroughly with soap and
water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and
wash contaminated clothing before reuse.

HOT LINE NUMBER: Have the product container or label with you when calling a poison control center or
doctor, or going for treatment. You may also contact 1-800-424-9300 for emergency medical treatment
information.
GENERAL INFORMATION
BRIMSTONE® is a special formulation of buffers, activators, and water conditioners designed to enhance the degree and speed of herbicide performance.

BRIMSTONE can improve both pesticide spray application and pesticide efficacy. BRIMSTONE can eliminate the antagonistic effects of hard water on herbicide efficacy. BRIMSTONE is designed primarily to be applied with herbicides which utilize glyphosate as the active ingredient. BRIMSTONE will adjust solutions to a low pH and tie up metal ions which can deactivate glyphosate and other sensitive pesticides. However, it is suitable and effective for most pesticides and nutritional products which can be used with wetter/spreader type adjuvants. Optimum application coverage and results can be influenced by many factors. Therefore, it is recommended that the applicator carefully observe the spray deposit and adjust the adjuvant rate accordingly to ensure thorough coverage with minimal plant runoff.

DIRECTIONS FOR USE
The addition of an adjuvant to some pesticides or pesticide tank mix combinations may cause phytotoxicity to the foliage and/or fruit of susceptible crops. Prior to adding BRIMSTONE to spray tank mixes, the user or application advisor must have experience with the combination or must have conducted a trial to test for phytotoxicity. BRIMSTONE may be applied by ground or aerial spray equipment. For most applications, use enough BRIMSTONE to allow for uniform wetting and coverage of the spray onto leaf surfaces without undue plant runoff.

Not for Aquatic Use.

MIXING: Prior to making any pesticide application, all spray mixing and application equipment must be thoroughly cleaned. Carefully observe all cleaning directions on the pesticide label. Before mixing the individual components, always perform a compatibility jar test.

1. Fill spray tank one-half full with water and begin agitation.
2. Add BRIMSTONE and continue agitation.
3. Add pesticides and/or fertilizers as directed by the product label or use the following sequence.
   A. Micronutrients and fertilizers
   B. Dry flowables and water dispersible granules
   C. Flowables
   D. Water soluble pesticides
   E. Emulsifiable concentrates
4. Continue agitation and complete filling of the spray tank.

Do not mix BRIMSTONE with undiluted pesticides.

USE RATES
General Use: Use 2-8 pints of BRIMSTONE per 100 gallons of spray by ground or air.

Glyphosate or sulfoxate type herbicides: Use 2-8 pints BRIMSTONE per 100 gallons of spray solution. When applying BRIMSTONE, in-season, to glyphosate-tolerant corn, cotton, soybeans and sugar beets, do not exceed 4 pints per 100 gallon spray solution.

Water conditioning: Use 3-8 pints of BRIMSTONE per 100 gallons of spray solution when used as a substitute for 8.5-17 pounds of ammonium sulfate.

Buffering: To obtain an initial buffering effect, use a minimum of 3 pints per 100 gallons of spray. Rates may be adjusted to adapt to water condition variables. The use of a pH measuring device is recommended to determine a suitable BRIMSTONE rate.

NOTE: The above use recommendations are considered to be adequate for most uses. Some herbicides may require higher or lower rates for optimum effect. Follow the pesticide label directions when this variability occurs. Do not add BRIMSTONE at a level that would exceed 5% v/v of the finished spray volume.

RESTRICTIONS
Do not mix BRIMSTONE with herbicide products that contain active ingredients based on DSMA or Sulfonyl-urea chemistry.

Do not mix BRIMSTONE with undiluted pesticides.

Not for Aquatic Use
STORAGE AND DISPOSAL
Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE: Store in original container only. Keep container tightly closed. Do not allow water to
be introduced into the contents of this container. Do not store near heat or open flame. Do not store with
oxidizing agents.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an
approved waste disposal facility. Do not contaminate water sources by run off from cleaning of equipment,
disposal of equipment washwater or spray waste.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture
and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If
burned, STAY OUT OF SMOKE.

Conditions of Sale and Limitation of Warranty and Liability:

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability
before buying or using the product. If the terms are not acceptable, return the product at once, unopened, and
the purchase price will be refunded.

ALL STATEMENTS MADE HEREIN ARE SUBJECT TO APPLICABLE LAW, AND TO THE EXTENT
THERE IS ANY INCONSISTENCY OR CONTENTION, APPLICABLE LAW SHALL GOVERN.
The Directions for Use of the product must be followed carefully. It is impossible to eliminate all risks inherently
associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may
result because of many different factors including, without limitation, manner of use or application, weather,
combination with other products, or crop conditions. All such risks shall be assumed by Buyer and User, and
Buyer and User agree to hold Manufacturer and Seller harmless from any claims relating to such factors.

Seller warrants that this product conforms to the chemical description on the label. EXCEPT FOR THIS
WARRANTY, THE PRODUCT IS FurnISHED “AS-IS”, AND NEITHER SELLER NOR MANUFACTURER
MAKES ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO THE SELECTION,
PURCHASE OR USE OF THIS PRODUCT; SELLER AND MANUFACTURER SPECIFICALLY DISCLAIM
ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE BEYOND
WHAT IS STATED ON THE LABEL. Buyer and User accept all risks arising from any use of this
product, including without limitation, uses contrary to label instructions, or under conditions not
reasonably foreseeable to (or beyond the control of) Seller or Manufacturer.

Neither Manufacturer nor Seller shall be liable for any incidental, consequential or special damages resulting
from the use or handling of this product. THE EXCLUSIVE REMEDY OF THE BUYER OR USER, AND THE
EXCLUSIVE LIABILITY OF MANUFACTURER AND SELLER, FOR ANY AND ALL CLAIMS, LOSSES,
INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT,
NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING
OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THIS PRODUCT, OR, AT
THE ELECTION OF MANUFACTURER OR SELLER, THE REPLACEMENT OF THE PRODUCT.

These Conditions of Sale and Limitation of Warranty and Liability shall be interpreted, unless otherwise
required by the law of the state of purchase, in accordance with the laws of the State of California, excluding
its conflicts of laws rules, and may not be amended by any oral or written agreement.
