**Topical Prevention and Treatment of Ticks, Fleas, Mosquitoes, Biting Flies and Lice for Monthly Use Only on Dogs and Puppies 7 Weeks of Age and Older Weighing Over 55 lbs**

**HAZARDS TO DOMESTIC ANIMALS**

For external use only on dogs only. Do not use on animals other than dogs. Do not use on puppies under seven (7) weeks of age. Do not get this product in dog’s eyes or mouth. As with any product, consult your veterinarian before using this product on debilitated, aged, pregnant or nursing animals. Individual sensitivities, while rare, may occur after using ANY pesticide product for dogs. If signs persist, or become more severe, consult a veterinarian immediately. If your animal is in medication, consult your veterinarian before using this or any other product.

**ENVIRONMENTAL HAZARDS**

This product is extremely toxic to aquatic organisms, including fish and invertebrates. Do not add directly to water. Do not contaminate water when dispersing of product or packaging.

**PRECAUTIONARY STATEMENTS**

**WARNING** Causes substantial but temporary eye injury. Do not get in eyes or on skin or clothing. Harmful if swallowed. Harmful if absorbed through skin. Avoid contact with skin. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

For consumer questions call 1-800-225-4426.
For medical emergencies call 1-800-225-4426.

**Side Effects**

Monitor your dog after application. Side effects, although very rare, may include signs of skin irritation such as redness, scratching or other signs of discomfort. Gastrintestinal signs such as vomiting or diarrhea have also been reported. If these or other side effects (such as itching or agitation) occur, consult your veterinarian or call 1-800-422-4974.

**DO NOT USE ON CATS – MAY BE FATAL.**

Keep cats away from treated dogs for 24 hours. If applied to a cat or ingested by a cat, contact your veterinarian/animal care specialist.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Do not contaminate feed or feed.

HOW TO OPEN
1. Be sure tube is at bottom of pouch.
2. Using scissors, cut the pouch across the top and remove tube.

HOW TO APPLY
1. Use only on dogs. DO NOT USE ON CATS or other animals.
2. Remove applicator tube from the package. Use scissors and peel down label.
4. Turn the cap around and place the end of cap back on tube.
5. Twist cap to break seal, then remove cap from tube.
6. The dog should be standing for easy application. The entire contents of the Ky Advanta® II tube should be applied evenly to four to six spots on the top of the back from the shoulder to the base of the tail. At each spot, part the hair until the skin is visible. Place the tip of the tube on the skin and gently squeeze to expel a portion of the solution on the skin. Do not apply an excessive amount of solution at any one spot that could cause some of the solution to run off the side of the dog. Do not get this product in your dog’s eyes, or allow your dog to ingest this product.

Do not get this product in your dog’s eyes or mouth.

7. Discard empty tube as described in Storage and Disposal.
8. In cases of severe pest infestation, retreatment is allowable earlier than four (4) weeks. Do not retreat more often than once every seven (7) days. After pest control is attained, return to a monthly retreatment schedule.
