FIRST AID

IF SWALLOWED:

- If the person is fully alert and cooperative, have the person rinse mouth with plenty of water. Have the person drink 1 ounce (30-100 milliliters) of water or milk.

- Do not induce vomiting. Do not allow mouth rinse if the person has respiratory distress, altered mental status, or nausea and vomiting.

- Call a physician or hospital emergency service immediately. See Note to Physician.

IF IN EYES:

- Wash immediately and continuously with flowing water for at least 30 minutes.

- Remove contact lenses after the first 5 minutes and continue washing. Obtain prompt medical consultation promptly and from an ophthalmologist.

- Call a poison control center or a doctor for treatment advice.

IF ON SKIN:

- Take off contaminated clothing. Rinse skin immediately with plenty of water for at least 15 minutes.

- Take a poison control center or a doctor for treatment advice.

IF INHALED:

- Move person to fresh air.

- If person is not breathing, call 911 or an ambulance, and then give artificial respiration, preferably mouth-to-mouth if available. Call a poison control center or a doctor for further treatment advice.

Have product container or label with you when calling a poison center or doctor for treatment advice.

FLATLINE NUMBER

IN CASE OF AN EMERGENCY: call your local poison control center, 1-800-222-1222.

NOTE TO PHYSICIAN: Aspiration may cause lung damage. Probable mucosal damage can be caused by the use of gastric lavage.
