YELLOW ALGAE REMOVER
For Fast Treatment of Yellow and Mustard Algae In Swimming Pools

- Dissolves Quickly
- Leaves No Residue
- May Be Used In All Types Of Pools

Active Ingredient:
Sodium Bromide ......................... 99%
Other Ingredients: ..................... 1%
Total: .................................... 100%

Net Contents 25 lbs.

KEEP OUT OF REACH OF CHILDREN
CAUTION
SEE BACK PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS AND FIRST AID
FIRST AID

IF SWALLOWED
Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING
Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF INHALED
Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

IF IN EYES
Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

NOTE TO PHYSICIAN:
Probable mucoal damage may contraindicate the use of gastric lavage.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION
HARMFUL IF SWALLOWED. HARMFUL IF ABSORBED THROUGH SKIN. Avoid breathing dust. Avoid contact with eyes, skin, or clothing. Do not smoke, drink, or eat when handling. Keep container tightly closed when not in use. Do not ship with foods, feed, drugs, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms.

PHYSICAL OR CHEMICAL HAZARDS: Do not mix this product directly with any chlorinated material or any oxidizer product. This product is a granular formula that helps clear away slimes, yellow and mustard algae in swimming pools. When used as directed, this product cleans water quickly and can be used in any type of swimming pool. Swimming may be restarted several hours after treatment.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Read the entire label and use strictly in accordance with precautionary statements and directions.

IMMEDIATE TREATMENT: To remove visible yellow or mustard algae: (All dosages are for 10,000 gallons of water). Brush walls and floor areas affected by yellow algae accumulations. Apply 4 oz. of this product as close to the affected areas as possible. For severe accumulations, double the above dosage. Superchlorinate by following directions of this product's label. Swimming may be resumed a few hours after treatment.

WEEKLY MAINTENANCE TREATMENT: To prevent accumulation of yellow algae: (All dosages are for 10,000 gallons of water). With water temperature above 80° F, add 4 oz. of this product with 1 gallon of liquid chlorine or 1 pound of dry chlorine once a week. With water temperature under 80° F, add 2 oz. of this product weekly and 1/2 gallon of liquid chlorine or 1/2 pound of dry chlorine.

STORAGE AND DISPOSAL
Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE: Store in a cool, dry, well-ventilated area, in well-closed original containers, away from energy sources, acids, bases, and heavy metal salts.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsewater is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER HANDLING: Completely empty bottle into application equipment. Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available.

SPILLS: When handling or dealing with spills, use goggles with side shields or face shield, protective clothing, including chemical-resistant gloves and boots, a dust respirator if dusting occurs. Sweep up dry spills and dispose of as described for pesticide disposal. If contents are contaminated or decomposing, do not relase container; isolate unsealed container in the open or in a well-ventilated area; flood with large volumes of water if necessary.
