Runabout 90

NONIONIC SURFACTANT – ACTIVATOR – ANTIMICROBIAL AGENT

PRINCIPAL FUNCTIONING AGENTS:
Alkyl phenol ethoxylate, propylene glycol, tall oil fatty acids .................................................. 90%
Constituents Ineffective As A Spray Adjuvants ................................................................. 10%
TOTAL ................................................................................................................................. 100%

All ingredients are exempt from tolerance under 40 CFR 180.

KEEP OUT OF REACH OF CHILDREN

WARNING
Causes substantial but temporary eye injury. Causes skin irritation. Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with skin, eyes or clothing.
Wear protective eyewear (goggles or face shield) and chemical-resistant gloves. Avoid breathing spray mist.
Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

Personal Protective Equipment: Wear protective eyewear (goggles or face shield), chemical-resistant gloves, coveralls worn over long-sleeved shirt and long pants, and shoes plus socks.

FIRST AID
Call a poison control center or doctor immediately for treatment advice.

Have the product container with you when calling a poison control center or doctor, or going for treatment.

If Swallowed: Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor; do not give anything by mouth to an unconscious person.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible.

If In Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue rinsing eye.

GENERAL INFORMATION

**Runabout 90** is for use with agricultural insecticides, fungicides and herbicides. **Runabout 90** may also be used with livestock sprays to improve wetting characteristics of the spray. **Runabout 90** provides quick wetting, more uniform coverage and increased retention of sprays by reducing surface tension of the spray droplets.

DIRECTIONS FOR USE

Some pesticides have stated adjuvant use rates. In all cases, the pesticide manufacturer’s label should be consulted regarding specific adjuvant use recommendations and that rate followed. Do not add adjuvant at a level that would exceed 5% of the finished spray volume.

Field experience has shown that the addition of a surfactant to some acaricides, insecticides, and/or fungicides may cause phytotoxicity on foliage or fruit. Prior to adding **Runabout 90** to an acaricide, insecticide and/or fungicide spray, the user must have experience with this combination or conduct a small scale phytotoxicity test before large scale use.

In difficult wetting situations (such as hard water or mature waxy foliage), use the higher rate.

NOT FOR AQUATIC USE

APPLICATION OR USE RATES

Acaricides, Insecticides, Fungicides, Livestock Sprays:
Use 1/4 to 1 quart per 100 gallons of water.

Herbicides (Aquatic & Terrestrial), Defoliants, Desiccants:
Use 1/2 to 4 pints per 100 gallons of water.

Foliar Nutrients:
12-32 oz per 100 gallons of water.

Industrial spraying, rights-of-way, non-crops areas:
15-32 oz per 100 gallons of water

STORAGE, HANDLING AND DISPOSAL

Storage: Store in a cool, dry place. Store in original container. Keep tightly closed. Do not reuse empty container.

Disposal: Do not contaminate water, food, or feed by storage or disposal. Wastes may be disposed of on-site or at an approved waste disposal facility. Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading and add rinse water to spray tank. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrcycle.org. Decontaminated containers may also be disposed of in a sanitary landfill.

Warranty Statement

Safar warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to the seller, and buyer assumes the risk of any such use.
