READ ENTIRE LABEL BEFORE EACH USE.
USE ONLY ON DOGS, CATS, KITTENS, OR PUPPIES 12 weeks of age or older.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Harmful if absorbed through skin. Avoid contact with eyes, skin, or clothing. Wash hands thoroughly with plenty of soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

FIRST AID
Call a poison control center or doctor immediately for treatment advice.

If on skin or clothing:
• Take off contaminated clothing.
• Rinse skin immediately with plenty of water for 15-20 minutes.

If in eyes:
• Hold eye open and rinse slowly and gently with water for 15-20 minutes.
• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-877-800-5556 for emergency medical treatment information.

DIRECTIONS FOR USE
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. FOR TOPICAL USE ONLY. DO NOT INGEST.

General Precautions and Use Restrictions
• Apply this product only as specified on this label.
• DO NOT apply to pets less than 12 weeks of age.
• Consult a veterinarian before applying this product on debilitated, aged, pregnant or nursing animals. Certain medicines can interact with pesticides. Consult a veterinarian before using on medicated animals. Sensitivities may occur after using ANY pesticide for pets. If signs of sensitivity occur bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.
• The maximum application rate is once per week.

Thoroughly wet your pet with warm water. Use the product full strength. Do not apply shampoo around the eyes. Apply 1/3 tablespoons shampoo for each 5 lbs of pet’s weight. Estimate the total amount of shampoo needed for your pet, then spread the shampoo along the back of the pet. Work well into coat starting at the head and working back. Spread lather to include the neck, legs, and feet. Continue to work lather in over the whole pet for 3 to 5 minutes (this is an important part of the grooming procedure.). After lather has been worked in over the entire pet, rinse pet thoroughly with warm water. For extremely dirty or sandy pets, the above procedure may be immediately repeated. Do not apply more than once per week for control of adult fleas and ticks. Treat animal bedding/quarters with an approved product labeled for that use at the same time that pet is treated with this product.

STORAGE AND DISPOSAL
Pesticide Storage:
Store in a cool, dry (preferably locked) area that is inaccessible to pets and children.

Disposal:
If empty: Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available.
If partially filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
