KEEP OUT OF REACH OF CHILDREN

CAUTION

Causes moderate eye irritation. Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with skin, eyes or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

Personal Protective Equipment: Wear chemical-resistant gloves, long-sleeved shirt and long pants, and shoes plus socks.

FIRST AID

Call a poison control center or doctor immediately for treatment advice.

If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If on Skin: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If Swallowed: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

Note to Physician: Contains petroleum distillate. Vomiting may cause aspiration pneumonia.

GENERAL INFORMATION

WestLink Ag's Crop Oil Concentrate is a nonionic blend of surfactants, and highly refined phytobland paraffin oil. It is designed for use with a broad range of pesticides, where an oil concentrate adjuvant is recommended.

WestLink Ag’s Crop Oil Concentrate increases contact activity and penetration of the spray, while also providing uniform coverage on leaf surfaces. Always follow herbicide label recommendations.

This product cannot be used for aquatic applications.

RECOMMENDED RATES

Ground, Aerial, Low volume, CDA:

Use 1 to 2 pints to the acre or 1 gallon per 100 (1.00% v/v).

Rates may vary depending on the recommendation of the pesticide label.

Follow the directions and use rate recommended on the pesticide label.

MIXING

To prepare for pesticide application, fill spray tank one-half full with water and begin agitation. Add pesticide or fertilizer as recommended, and then add WestLink Ag’s Crop Oil Concentrate while continuing agitation. Continue to agitate until tank is full and agitate before and during each application.

NOTE: The effect of any adjuvant on a chemicals performance is not predictable under all conditions of weather, plant vigor, application methods, and even water types. The user should consult his local agricultural extension agent, or make his own tests, to determine the optimum level of WestLink Ag’s Crop Oil Concentrate for special pesticide spray and crop.
STORAGE AND DISPOSAL

Store in cool, dry place. Keep in original container tightly closed. Do not reuse empty container. If frozen, warm container and shake well before using. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org.

Note: Keep out of Lakes, Ponds or Streams. Do not contaminate water sources by run-off from cleaning of equipment, disposal of rinse waters or spray mixtures.

CONDITIONS OF SALE AND WARRANTY

WestLink Ag warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated when used in accordance with the use directions under normal conditions. WestLink Ag neither makes, nor authorizes any agent or representative to make, any other warranties, express or implied, including fitness or merchantability.

The directions for use of this product are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as timing and method of application, weather and crop conditions, presence of other materials, or other influencing factors, all of which are beyond the control of WestLink Ag and Seller. Buyer and user acknowledge and assume all risks and liability resulting from the handling, storage and use of this material not in strict accordance with directions given herewith. In no case shall WestLink Ag or the Seller be liable for consequential, special, indirect, or incidental damages or losses resulting from the handling or use of this product. The foregoing is a condition of sale by WestLink Ag and is accepted as such by the Buyer.
