Ultima® Swamp To Swim® II

**ACTIVE INGREDIENTS:**
- Calcium Hypochlorite: 52%
- INERT INGREDIENTS: 48%
- TOTAL: 100%
- Minimum Available Chlorine: 49%

**KEEP OUT OF REACH OF CHILDREN**

**DANGER**

**READ ALL PRECAUTIONARY STATEMENTS BEFORE USE.**

Contamination or improper use may cause fire, explosion or the release of toxic gases. Do not allow product to contact any foreign matter, including other water treatment products. If product is exposed to small amounts of water, it can react violently to produce heat and toxic gases and spatter. Do not add water to this product. Add only into water. Do not mix this product with any other chemicals, including those normally used in the pool. Use entire contents, then triple rinse and offer for recycling, or dispose in accordance with state and local regulations. Do not reuse empty container.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

- **DANGER:** Causes irreversible eye damage and skin burns. May be fatal if swallowed. Harmful if absorbed through the skin. Irritating to eyes and throat.

- **WARNING:** Causes irreversible eyewashes only under the supervision of a physician.

- **RINSE:** Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

- **ADVICE:** Do not inhale or swallow. Avoid contact with eyes, skin or clothing. Do not handle with bare hands. Wear gloves and rubber gloves when handling this product. For additional skin protection, wear long sleeves and long pants.

- **DISPOSAL:** Do not disperse to the environment except as directed.

**PHYSICAL AND CHEMICAL HAZARDS:**

- **DANGER:** If product is exposed to small amounts of water, it can react violently to produce heat and toxic gas and spatter. Do not add water to this product. Add only into water.

- **WARNING:** Do not add this product directly to your pool or skimmer. Use entire contents when opened.

**METHOD FOR DOSING DIRECTIONS:**

- **1.** Add the recommended dosage of this product during evening hours while the filter pump is running.

- **2.** When adding to your pool, broadcast the product evenly over a wide area in the deepest part of the pool.

- **3.** If any granules settle to the bottom of the pool, use brush to disperse.

**WATER BALANCE**: For best product performance, swimmer comfort and crystal clear water, maintain the following water balance:

<table>
<thead>
<tr>
<th>Acceptable Range for Balance</th>
<th>7.2-7.6</th>
</tr>
</thead>
<tbody>
<tr>
<td>Total Alkalinity</td>
<td>60-120 ppm</td>
</tr>
<tr>
<td>Calcium Hardness</td>
<td>Above 200 ppm</td>
</tr>
</tbody>
</table>

**STORAGE & DISPOSAL:**

- **KEEP OUT OF REACH OF CHILDREN**

- **WARNING**

- **READ ALL PRECAUTIONARY STATEMENTS ON LABEL AND ALL FIRST AID STATEMENTS BEFORE USE.**

At the start of the season, or if a severe algae bloom occurs during the season, the pool can be treated and returned to its clear blue appearance within 24 hours by using Ultima Swamp To Swim and Ultima Swamp To Swim II. Ultima Swamp To Swim II is a flocculant that will help clear your pool by dropping particles to the bottom of your pool where they can be easily vacuumed away.

**HOW TO USE:** Do not pre-mix this product. Only add this product directly to your pool skimmer. Use entire contents when opened.

**DIRECTIONS FOR USE:**

- **1.** Make sure the water is circulating. Once Ultima Swamp To Swim II has completely been dispersed in the pool water, add 10.0 lbs of Ultima Swamp To Swim II through the skimmer.

- **2.** Leave the system circulating for 1 hour then turn off the filter pump and allow any particles or debris to settle overnight.

- **3.** The following day, vacuum the sediment to waste.

- **4.** If the pool has not settled out or is not blue in color, repeat Ultima Swamp To Swim I treatment. Repeat Steps 2 and 3.

Check the chlorine level and readjust as necessary. Do not enter the pool until the chlorine level is between 1-4 ppm. Balance the water chemistry following the recommended values in the table under “WATER BALANCE” located on the box or on the Ultima Swamp To Swim I label.

**STORAGE & DISPOSAL:**

Keep this product in its original, tightly closed container when not in use. Do not mix directly with any other chemicals, including those normally used in the pool. Use entire contents, then triple rinse and offer for recycling, or dispose in accordance with state and local regulations. Do not reuse empty container.

**PRECAUTIONARY STATEMENTS**

**WARNING:** Contains polyaluminum chloride. Irritating to eyes and skin. Do not get into eyes, on skin or on clothing. Do not swallow. Wear safety glasses or goggles and chemical-resistant gloves when handling this product. Wash hands thoroughly after handling. Do not mix with other chemicals.

**FIRST AID:**

- **IF INHALED:** Remove individual to fresh air. Seek medical attention if breathing becomes difficult or if respiratory irritation develops.

- **IF SKIN:** Flush skin with water for 15 minutes. Take off all contaminated clothing. Seek medical attention if irritation develops.

- **IF IN EYES:** Flush eyes with plenty of water for at least 15 minutes. Seek medical attention if irritation develops.

- **IF SWALLOWED:** Call a physician immediately. DO NOT induce vomiting unless directed to do so by a physician. Never give anything by mouth to an unconscious person.
