**KILLS NORWAY RATS, ROOF RATS & HOUSE MICE**

**WITH BROMETHALIN PELLETED BAIT**

**From Motomco Farm & Home**

**ACTIVE INGREDIENT:** Bromethalin (CAS #63333-35-7): 0.01%

**TOTAL:** 100.00%

**KEEP OUT OF REACH OF CHILDREN CAUTION**

See side panels for First Aid and additional precautionary statements.

**STORAGE AND DISPOSAL**

Do not store with food, foodstuffs, feed or livestock feed.

**KEEP OUT OF REACH OF CHILDREN CAUTION**

See side panels for First Aid and additional precautionary statements.

Net WT. **5 lbs**

**(2.2 kg)**

**APPLICATION DIRECTIONS:**

1. Thoroughly clean the area where you wish to use Tomcat Pelleted Bait. Do not place bait near or inside ventilation duct openings.

2. Do not contaminate water, food, feedstuffs, food or feed handling equipment, or active Norway/roof rat burrows. Do not broadcast bait. Because Norway/roof rat infestations may occur in areas farther than 100 feet from a man-made structure, provided that infestations of these rodents have been confirmed. Bait must be placed no less than 6 inches into the soil from a structure as defined above, is prohibited. This product must not be applied directly to food or feed crops.

3. Do not use on or near vegetation as a dust or spray. Do not contaminate water, food, feed, feedstuffs, feed or livestock feed.

**USE RESTRICTIONS:**

- Do not use on or near vegetation as a dust or spray.
- Do not contaminate water, food, feed, feedstuffs, feed or livestock feed.
- Do not use near or inside ventilation duct openings.
- Do not contaminate water, feed, feedstuffs, feed or livestock feed.
- Do not use near vegetation as a dust or spray.
- Do not use on or near vegetation as a dust or spray.
- Do not contaminate water, food, feed, feedstuffs, feed or livestock feed.
- Do not use near or inside ventilation duct openings.
- Do not contaminate water, food, feed, feedstuffs, feed or livestock feed.
- Do not use near vegetation as a dust or spray.
- Do not contaminate water, food, feed, feedstuffs, feed or livestock feed.
- Do not use near or inside ventilation duct openings.
- Do not contaminate water, food, feed, feedstuffs, feed or livestock feed.
- Do not use near vegetation as a dust or spray.
- Do not contaminate water, food, feed, feedstuffs, feed or livestock feed.
- Do not use near or inside ventilation duct openings.
- Do not contaminate water, food, feed, feedstuffs, feed or livestock feed.
- Do not use near vegetation as a dust or spray.
- Do not contaminate water, food, feed, feedstuffs, feed or livestock feed.
- Do not use near or inside ventilation duct openings.
- Do not contaminate water, food, feed, feedstuffs, feed or livestock feed.
- Do not use near vegetation as a dust or spray.
- Do not contaminate water, food, feed, feedstuffs, feed or livestock feed.
- Do not use near or inside ventilation duct openings.
- Do not contaminate water, food, feed, feedstuffs, feed or livestock feed.
- Do not use near vegetation as a dust or spray.
- Do not contaminate water, food, feed, feedstuffs, feed or livestock feed.
- Do not use near or inside ventilation duct openings.
- Do not contaminate water, food, feed, feedstuffs, feed or livestock feed.
- Do not use near vegetation as a dust or spray.
- Do not contaminate water, food, feed, feedstuffs, feed or livestock feed.
- Do not use near or inside ventilation duct openings.
- Do not contaminate water, food, feed, feedstuffs, feed or livestock feed.
- Do not use near vegetation as a dust or spray.
- Do not contaminate water, food, feed, feedstuffs, feed or livestock feed.
- Do not use near or inside ventilation duct openings.
- Do not contaminate water, food, feed, feedstuffs, feed or livestock feed.
- Do not use near vegetation as a dust or spray.
- Do not contaminate water, food, feed, feedstuffs, feed or livestock feed.
- Do not use near or inside ventilation duct openings.
- Do not contaminate water, food, feed, feedstuffs, feed or livestock feed.
- Do not use near vegetation as a dust or spray.
- Do not contaminate water, food, feed, feedstuffs, feed or livestock feed.
- Do not use near or inside ventilation duct openings.
- Do not contaminate water, food, feed, feedstuffs, feed or livestock feed.
- Do not use near vegetation as a dust or spray.
- Do not contaminate water, food, feed, feedstuffs, feed or livestock feed.
- Do not use near or inside ventilation duct openings.
- Do not contaminate water, food, feed, feedstuffs, feed or livestock feed.
- Do not use near vegetation as a dust or spray.
- Do not contaminate water, food, feed, feedstuffs, feed or livestock feed.
- Do not use near or inside ventilation duct openings.
- Do not contaminate water, food, feed, feedstuffs, feed or livestock feed.
- Do not use near vegetation as a dust or spray.
- Do not contaminate water, food, feed, feedstuffs, feed or livestock feed.
- Do not use near or inside ventilation duct openings.
- Do not contaminate water, food, feed, feedstuffs, feed or livestock feed.
- Do not use near vegetation as a dust or spray.
- Do not contaminate water, food, feed, feedstuffs, feed or livestock feed.
- Do not use near or inside ventilation duct openings.
- Do not contaminate water, food, feed, feedstuffs, feed or livestock feed.
- Do not use near vegetation as a dust or spray.
- Do not contaminate water, food, feed, feedstuffs, feed or livestock feed.
