PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER

CAUTION: UNPACKED PRODUCT IS NO LONGER SOLVENT-BASED. USE THIS PRODUCT AS DIRECTED.

HARMFUL IF INHALED. HARMFUL IF SWALLOWED OR ABSORBED THROUGH THE SKIN.

Do not get in eyes, on skin, or on clothing. Wash hands and/or clothing as soon as possible after exposure. Wash rinse with soap and water after handling. If exposure occurs or respiratory irritation is noted, remove person to fresh air and consult a physician. Notify physician of the exposure to this product.

EYE INJURY: Wash affected eye(s) with gentle water flush for 15 minutes. Remove contact lenses. Do not apply pressure to the eye. If irritation persists, consult a physician.

SKIN INJURY: Wash with soap and water. If irritation persists, consult a physician. The product is corrosive to the skin. Avoid skin contact. If skin contact occurs, wash with soap and water. Do not rinse. If skin irritation persists, consult a physician.

INHALATION: Remove to fresh air. If breathing continues to be difficult, seek medical assistance. The product is corrosive to the respiratory tract. Avoid contact with the face and respiratory tract.

EDIBLE PRODUCTS: Do not allow children to eat or drink the product. If swallowed, seek immediate medical assistance.

OXIDIZER: Do not use with or around any fuel or other oxidizers. The product is reactive with fuel and should not be used with fuel or other oxidizers.

Do not mix with or use with any other products except as directed.

TREATMENT: If swallowed, wash out mouth and give large amounts of water. If in eyes, flush with water for 15 minutes. If inhaled, remove patient from the area and seek medical assistance.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry, well-ventilated area. Keep out of reach of children. Keep container closed when not in use. Do not expose to heat or direct sunlight. Store away from corrosive materials. Store away from incompatible materials. Store away from other pesticides.

DISPOSAL: Call your local health or waste management authority to determine the proper method of waste disposal. This product is a hazardous waste and should be disposed of in accordance with federal, state, and local regulations.

COMPRESSED GAS: Do not incinerate, expel, or vent. This product is a compressed gas and should be disposed of in accordance with federal, state, and local regulations.

CONTAINMENT DECISION: Do not attempt to extinguish the fire. Do not open containers that are sealed.

ENVIRONMENTAL HAZARDS: Do not disperse or release contaminated water into the environment. Contaminated water should be treated prior to discharge. Do not allow the product to enter drinking water systems without permission from the local health authority. Do not apply to groundwater below the water table.

POSITIVE STRATEGIES: Do not allow the product to enter surface water, soil, or groundwater. Do not allow the product to enter the environment without permission from the local health authority. Do not apply to groundwater below the water table.

LOT NO. 70430026

Biocide MC 68 WT

EPA REG. NO. 707-133-1020
EPA EST. NO. 1020-MH-03

Industrially applicated liquid biocide, labeled for use in industrial processes, including water treatment, for the control of biological growth, algae, and fungi. Biocide MC WT is effective at maintaining the biocidal properties of the product. It is effective in industrial systems and is a valuable addition to industrial water treatment programs.

NET CONTENT: 20 kg/44 lb.

KEEP OUT OF REACH OF CHILDREN

DIRECTIONS FOR USE

FIRST AID

IF ON SKIN: Wash with soap and water or use a non-caustic cleaner. Use a mild detergent. Do not apply pressure. Do not use a corrosive cleaner. Do not use a toxic cleaner. Do not apply pressure. Do not use a corrosive cleaner. Do not use a toxic cleaner.

IF IN EYES: Wash with gentle water flush for 15 minutes. Remove contact lenses. If irritation persists, consult a physician. Do not apply pressure. Do not use a corrosive cleaner. Do not use a toxic cleaner.

IF INHALED: Remove patient to fresh air. If breathing continues to be difficult, seek medical assistance. Do not apply pressure. Do not use a corrosive cleaner. Do not use a toxic cleaner.

IF SWALLOWED: Do not attempt to induce vomiting. Do not give anything orally. Do not apply pressure. Do not use a corrosive cleaner. Do not use a toxic cleaner.

IN CASE OF ACIDIC CORROSION: Use appropriate protective clothing. Do not apply pressure. Do not use a corrosive cleaner. Do not use a toxic cleaner.

NOTE TO PHYSICIAN:

- Do not incinerate. Incineration may cause hazardous fumes or other hazardous materials.
- Do not mix with other products.
- Do not dilute or dilute with water.
- Do not apply pressure.
- Do not use a corrosive cleaner. Do not use a toxic cleaner.
