EXE51 Ltd, Leylands Business Park, Golden Common, Winchester, SO21 1TU, UK
ERMA Reg No: 75455-14
EPA Establishment No: 75455-C025-1

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with labeling.

USE:
Stored grains, processed and manufactured grains, tobacco, chestnut, chocolate and other comestible products.

PEST:
Valleymoth (Moth), Pseudothrips piperis, Mediterranean Flour Moth (Ephestia kuhniella), Warehouse/Closet Moth (Plodia interpunctella), Almond Moth (Cactoblastis cactorum), Hash Moth (Cactoblastis cactorum).

APPLICATION:
Place one Exosect® SP tablet into the dispenser. Attach dispensers approximately 6 feet above ground level at the interior perimeter of the building. Store tablets in a secure location. Do not allow tablets to come into contact with water or any other fluid.

TIMING:
Where possible, place the product 1 week prior to moth emergence.

PEST MONITORING:
Use moths traps throughout the barn to detect the presence of the moth. A reduction in moth numbers in monitoring traps verifies that the Exosect® SP tablet is working. Do not place traps within 2 to 3 meters of monitoring traps. Exosect® SP tablet is not intended to be used as a stand-alone product.

STORAGE AND DISPOSAL:
Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE:
Store in original container, cool in a shaded and dry area, out of reach of children.

PESTICIDE DISPOSAL:
Wash hands after handling. Do not contaminate surface waters, ground waters, or bays.

CONTAINER DISPOSAL:
Disposal of inorganic packaging materials: Offer for recycling if available or puncture and dispose of in a sanitary landfill or by incineration, or as allowed by state and local authorities. By burning, the burning site and all equipment used to burn must be thoroughly cleaned and disinfected.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION
Avoid breathing dust. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco and using the toilet. Remove contaminated clothing and wash before reuse.

FIRST AID
IF ON SKIN OR CLOTHING:
- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call pest control center or doctor for treatment advice.

IF INHALED:
- Move person to fresh air.
- If person is not breathing, call 911 or emergency number for the poison control center. Provide artificial respiration, preferably mouth-to-mouth, if possible.
- Call pest control center or doctor for treatment advice.

IF IN EYES:
- Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes. Have fellow consult with doctor.
- Contact pest control center or doctor for treatment advice.

Have product container or label with you when calling poison control center or doctor or going for treatment. You may also contact the National Poisoning Information Center at 1-800-848-2878 (between 9:30 am and 7:30 pm eastern time for emergency pesticide exposure).
