DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

GENERAL INFORMATION

• Three garden products in one.
• Multi-purpose fungicide/miticide/insecticide-3 in 1 product.
• Kills eggs, larvae and adult stages of insects.
• Prevents fungal attack of plant tissues.
• Not for use in food-handling areas.
• Shale well before using.
• Thorough plant coverage is essential to obtain levels of control.
• Do not apply to wilted or otherwise stressed plants, or to newly transplanted material prior to root establishment.
• As with other pest control products, exercise care in timing applications to early accomplish evening to minimize the potential for leaf burn.
• Use with care on plants with tender tissue. Check for leaf burn in small-scale trials prior to use.

APPLICATION INSTRUCTIONS

• Application instructions:
  - Pour a fine mist on plants until leaves are damp.
  - It is recommended to apply the product at least twice per week, at a rate of 1-2 tablespoons per gallon of water.
  - Use a spray bottle to apply the product on both sides of the leaves.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if inhaled. Avoid breathing spray mist. Causes skin irritation. Harmful if absorbed through skin. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

ENVIRONMENTAL HAZARDS

To protect the environment, do not allow pesticides to enter or run off into storm drains, surface waters, or well. Applying this product in calm weather is recommended. Use only as directed. This product is toxic to bees exposed to direct treatment. Do not apply this product while bees are actively visiting the treated area.

DISPERSAL/EXPOSURE

If Inhaled: 
- Remove person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.
- Call a poison control center or doctor for further treatment advice.

If in eyes: 
- Hold eye open and rinses slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for further treatment advice.

If on skin or clothing: 
- Take off contaminated clothing.
- Wash skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for further treatment advice.
