The unique blend of ingredients in this product triggers "escape/avoidance" behavior in mice. This
balanced blend of natural essential oils naturally provides maximum repellency, without harm to
mice or other animals.
NOTICE: Buyer assumes all responsibility for safety and use not in accordance with label directions.

HOW TO USE
Indoor Use: Mouse Magic™ is packaged in convenient place packs that can be easily placed where
needed. This is particularly helpful for those difficult to reach areas like drop ceilings and behind large
appliances, and in preventing infestation of stored pet food and bird seed. Mouse Magic™ also masks
scent trails, which helps prevent reinfestation.
To Apply: Simply distribute the place packs around any area rodents hide, feed or congregate. Pay
particular attention to areas around vents and walls, and crevices that may serve as entrances, to any areas
of potential entry, and to potential nesting areas. Begin treatment with one place pack per average
sized room. Increase the number of place packs, as needed, until desired results are achieved. Heaver
infestations may require more place packs per room. While Mouse Magic™ contains natural essential
oils, and its odor is very pleasant, too many place packs in a small area can be overpowering. Should this
occur, simply reduce the number of place packs used. Mouse Magic™ repels Mice for 30 days or more.
NOTE: Do not apply to furniture, painted surfaces, or finishes without testing on a small
inconspicuous area first.
