Bacdown® Detergent Disinfectant

DISINFECTANT • *VIRUCIDE • DEODORIZER
FUNGICIDE (AGAINST PATHOGENIC FUNGI)
MILDEWSTAT (ON HARD, INANIMATE SURFACES)
KILLS PANDEMIC 2009 H1N1 INFLUENZA A VIRUS
(FORMERLY CALLED SWINE FLU)

ACTIVE INGREDIENTS
Allyl (60% C9, 30% C8, 5% C10, 5% C11)
dimethyl benzyl ammonium chloride ........ 2.25%
Allyl (68% C9, 32% C8) dimethyl
ethylbenzyl ammonium chloride .......... 2.25%
INERT INGREDIENTS ........................................ 95.50%
TOTAL .................................................. 100.00%

KEEP OUT OF REACH OF CHILDREN
DANGER

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS.

DANGER: KEEP OUT OF REACH OF CHILDREN. CORROSIVE. Causes irreversible eye damage and skin burns. Do not get in eyes, on skin or on clothing. Wear goggles or face shield, rubber gloves and protective clothing. Harmful if swallowed. Remove contaminated clothing and wash before reuse. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.
FIRST AID: Have the product container or label with you when calling a poison control center or doctor, or going for treatment.
If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call poison control center or doctor for treatment advice.
If swallowed: Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.
If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.
NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

EPA REG. NO. 1839-95-56753        EPA EST. NO. 4238-NJ-01

Manufactured for:

Decon Labs, Inc.

King of Prussia, PA 19406
DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. This product is a phosphate-free formulation designed to provide effective cleaning, deodorization, and disinfection specifically for hospitals, nursing homes, schools, and household use. This product is not for use on non-porous, inanimate equipment, as all surfaces must be properly disinfected. Disinfection is not for use on critical or semi-critical medical devices. Disinfectant - To disinfect inanimate, hard, non-porous surfaces add 2 ounces of this product per gallon of water. Apply solution with a mop, cloth, sponge, hand pump trigger sprayer or low pressure coarse spray so as to wet all surfaces thoroughly. Allow to remain wet for 10 minutes, then remove excess liquid. For heavily soiled areas, a pre-cleaning step is required. Prepare a fresh solution for each use. Bactericidal Activity - When diluted to the extent of 2 ounces per gallon of water, this product exhibits effective disinfectant activity against the organisms: pseudomonas aeruginosa PRD 10, Escherichia coli, klebsiella pneumonia, Salmonella schattmueller, Salmonella enterica, streptococcus salivarius, diphtheria, anthrax, staphylococcus aureus, Enterobacter aerogenes, staphylococcus aureus, methicillin-resistant staphylococcus aureus (MRSA), and vancomycin intermediate resistant staphylococcus aureus (VRSA) and meets all requirements for hospital use. Mildewcide - To control mold and mildew on pre-cleaned, hard, non-porous surfaces add 2 ounces of this product per gallon of water. Apply solution with a cloth, mop, cloth, hand pump trigger sprayer or low pressure coarse sprayer making sure to wet all surfaces completely. Let air dry. Prepare a fresh solution for each use. Repeat application at weekly intervals or when mildew growth appears. Fungicidal Activity - At 2 ounces per gallon dilution, this product is also fungicidal against the pathogenic fungi. Trichophyton mentagrophytes, when used as directed on hard surfaces found in bathrooms, shower stalls, locker rooms, exercise facilities or clean, hard, non-porous surfaces commonly contacted by bare feet. Follow Disinfection directions. Efficacy Tests have demonstrated that this product is an effective bactericide, fungicide, and virucide, in the presence of organic soil (5% blood serum). Virucidal Activity - This product, when used on environmental, inanimate, hard, non-porous surfaces at 2 ounces per gallon of water exhibits effective viral activity against influenza A2/parasitic A in a sensitive of the common flu virus, Herpes Simplex Type 1 (causative agent of fever blisters), Acetaminophen Type 2 (causative agent of upper respiratory infections), hepatitis A virus, hepatitis B virus, hepatitis C virus (HIV), and hepatitis D virus (HAV), and HIV associated with AIDS. Kills 2002 HIV1 stain, virus, and HIV2 stain, virus, and HIV2 stain, virus. Kills all viruses associated with AIDS. Special Instructions for cleaning and decontamination against HIV, HBV and HCV on surfaces/objects previously Soiled with Blood Body Fluids in healthcare settings (hospitals, nursing homes) or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids and in which the surfaces objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of Human Immunodeficiency Virus Type 1 (HIV-1) (associated with AIDS), hepatitis B virus (HBV), and hepatitis C virus (HCV).

SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1, HBV AND HCV ON SURFACES/ OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS IN HEALTHCARE SETTINGS (HOSPITALS, NURSING HOMES) OR OTHER SETTINGS IN WHICH THERE IS AN EXPECTED LIKELIHOOD OF SOILING OF INANIMATE SURFACES/OBJECTS WITH BLOOD OR BODY FLUIDS AND IN WHICH THE SURFACES/OBJECTS LIKELY TO BE SOILED WITH BLOOD OR BODY FLUIDS CAN BE ASSOCIATED WITH THE POTENTIAL FOR TRANSMISSION OF HUMAN IMMUNODEFICIENCY VIRUS TYPE 1 (HIV-1) (ASSOCIATED WITH AIDS), HEPATITIS B VIRUS (HBV) AND HEPATITIS C VIRUS (HCV).

Cleaning Procedures: Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of this product. Contact Time: Allow surface to remain wet for 10 minutes. Disposal of Infectious Materials: Blood and other body fluids should be autoclaved and disposed of according to local regulations for infectious waste disposal. General Cleaning: Apply this product to soil area with a mop, cloth, sponge, hand pump trigger sprayer or low pressure coarse sprayer. This product can be diluted at 2 ounces per gallon and applied at full strength. Thoroughly wet soil area and scrub as necessary. Deodorization: To deodorize, apply this product as indicated under the heading DISINFECTION.

STORAGE AND DISPOSAL

DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL.

PESTICIDE STORAGE - Store in a dry place no lower in temperature than 30°F or higher than 120°F.
CONTAINER DISPOSAL - Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available. Triple rinse container promptly after emptying. Triple rinse as follows: Fill container ¾ full with water and re-cap. Agitate vigorously. Follow Pesticide Disposal Instructions for rinsate disposal. Drain for 10 seconds after the flow begins to drip. Repeat procedure two more times. Then offer for recycling or reconditioning. If not available, puncture and dispose in a sanitary landfill.
PESTICIDE DISPOSAL - Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinseate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.
